Subject: **ADOPTION OF THE FISCAL YEAR 2018-19 ROAD MAINTENANCE AND REHABILITATION ACCOUNT LOCAL STREETS AND ROADS FUNDING INITIAL REPORT OF ELIGIBLE CITIES AND COUNTIES RESOLUTION G-18-33**

ISSUE:

Should the California Transportation Commission (Commission) adopt the initial report of cities and counties that are eligible to receive Fiscal Year 2018-19 Road Maintenance and Rehabilitation Account Local Streets and Roads Funding?

RECOMMENDATION:

Staff recommends that the Commission adopt the Fiscal Year 2018-19 Road Maintenance and Rehabilitation Account Local Streets and Roads Funding Initial Report of Eligible Cities and Counties as provided in Attachment B, and direct staff to transmit the list of eligible jurisdictions to the State Controller.

BACKGROUND:

On April 28, 2017, the Governor signed Senate Bill (SB) 1 (Beall, Chapter 5, Statutes of 2017). A percentage of the new Road Maintenance and Rehabilitation Account funding created by SB 1 is apportioned by formula to eligible cities and counties pursuant to Streets and Highways Code Section 2032(h) for basic road maintenance, rehabilitation, and critical safety projects on the local streets and roads system.

Statutory Requirements and Reporting Guidelines

Pursuant to Streets and Highways Code Section 2034, Commission staff worked with cities and counties to assist all jurisdictions with meeting the eligibility requirements for funding. In collaboration with program stakeholders, the Commission developed and adopted the amended program guidelines at the March 21, 2018 Commission Meeting. With this adoption, a revised program schedule and online tool were presented via a webinar to the cities and counties on April 2, 2018. There were 486 participants that took part in the live webinar. The webinar was also recorded, posted online, and shared with jurisdictions.

The Commission established a May 1 deadline each fiscal year for jurisdictions to submit a list of proposed projects and adopted resolutions, in order to be included on the initial eligibility report presented to the Commission for consideration.

Per the 2018 Local Streets and Roads Program Guidelines, the Commission required that the previous project lists be updated each fiscal year. The expenditure reporting period is limited to activities and expenditures made within the state fiscal year. This reporting period does not align with the construction season during which many of these projects will take place. To ensure that all projects originally listed in the previous proposed project list are accurately reflected as continuing city and county priorities, the proposed project lists must include:

- Any project previously listed that commenced but did not complete within the previous fiscal year. These projects will be identified in the Fiscal Year 2018-19 Proposed Project List as “17/18 Ongoing”.
- Any project previously listed that was intended to commence but was unable to within the previous fiscal year. These projects will be identified in the Fiscal Year 2018-19 Proposed Project List as “17/18 Carryover”.

Fiscal Year 2018-19 – Proposed Project Lists and Report of Eligible Jurisdictions

By the May 1, 2018 deadline 450 Cities and 57 Counties submitted the required resolution and proposed project list information to the Commission. These Cities and Counties were determined eligible for funding and are identified on the Fiscal Year 2018-19 Initial Report of Eligible Cities and Counties (Attachment B).

The State Controller will retain the apportionment amounts for all cities and counties pending subsequent eligibility for a period of 90 days. Cities and counties that do not submit completed project lists for subsequent eligibility by the Commission’s deadline (August 1) forfeit their fiscal year program funding. The State Controller will recalculate and disburse the forfeited funds amongst those jurisdictions that met eligibility.

The Commission anticipates receiving an additional 25 completed Proposed Project List submittals from those cities and counties seeking subsequent eligibility for Fiscal Year 2018-19 funds (Attachment C). Commission staff will continue to reach out to the 67 cities that have yet to confirm their intent to seek subsequent eligibility for Fiscal Year 2018-19 funding (Attachment D).

Accountability and Transparency

As stated in its guidelines, it is the intent of the Commission to provide the most transparent and complete account of expended funds, intended outcomes, and continued priorities as a result of this program to the public. Commission staff is in the process of finalizing the reporting function within the SB 1 Programs Project Intake Tool which will allow cities and counties to submit their project expenditure reports online.

Expenditure reports are submitted to the Commission by October 1, 2018, per the Commission's adopted deadline. The expenditure report is intended to capture the following information:

- Project Priority Status
- Schedule Update
- Project Description
- Project Location(s)
- Project Title
- Legislative Districts
- Total Project Cost
- SB1 Expended Funds
- Project Outcomes
- Competitive Bid (External) or Labor Force (Internal)

The updated program guidelines and training on the new project expenditure reporting function and criteria are expected in August 2018. The information gathered from the Fiscal Year 2017-18 (Cycle One), project expenditure reports due to the Commission will be compiled for an update on this program that will be included in the Commission's 2018 Annual Report to the Legislature.

INITIAL REPORT OF ELIGIBLE CITIES AND COUNTIES
Resolution G-18-33**

- 1.1** **WHEREAS**, on April 28, 2017, the Governor signed Senate Bill (SB) 1 (Beall, Chapter 5, Statutes of 2017), known as the Road Repair and Accountability Act of 2017 to address basic road maintenance, rehabilitation, and critical safety needs on both the state highway and local streets and road system; and
- 1.2** **WHEREAS**, beginning November 1, 2017, portions of new funding from increases to certain fuel excise and sales taxes and vehicle registration fees were deposited into the Road Maintenance and Rehabilitation Account, and a percentage of this new funding has been apportioned monthly by formula by the State Controller pursuant to paragraph (2) of subdivision (h) of Section 2032 of the Streets and Highways Code to eligible cities and counties for basic road maintenance, rehabilitation, and critical safety projects on local streets and roads; and
- 1.3** **WHEREAS**, Streets and Highways Code Section 2034(a)(1) requires that prior to receiving an apportionment of Road Maintenance and Rehabilitation Account funds pursuant to paragraph (2) of subdivision (h) of Section 2032 from the Controller in a fiscal year, an eligible city or county shall submit to the California Transportation Commission (Commission) a list of projects proposed to be funded with these funds pursuant to an adopted resolution; and
- 1.4** **WHEREAS**, Streets and Highways Code Section 2034(a)(2) requires that the Commission report to the Controller the cities and counties that have submitted a list of projects as described in this subdivision and that are therefore eligible to receive an apportionment of funds under the program for the applicable fiscal year. The Controller, upon receipt of the report, shall apportion funds to eligible cities and counties; and
- 1.5** **WHEREAS**, Streets and Highways Code Section 2034(a)(1) specifies that the project list shall not limit the flexibility of an eligible city or county to fund projects in accordance with local needs and priorities, so long as the projects are consistent with Streets and Highways Code Section 2030(b); and
- 1.6** **WHEREAS**, the Commission, in consultation with cities, counties, and their representatives as well as the State Controller's Office and other stakeholders, amended the 2018 Local Streets and Roads Funding Program Annual Reporting Guidelines at the March 21, 2018 Commission Meeting establishing a revised program schedule and online tool for project list submittal and project expenditure reporting; and

- 1.7 **WHEREAS**, Commission staff worked with city and county representatives to develop and release the online SB 1 Program Project Intake Tool to facilitate the complete and consistent submission of proposed project information; and
- 1.8 **WHEREAS**, Commission staff collected Fiscal Year 2018-19 proposed project list submittals and support documentation from cities and counties required by Streets and Highways Code Section 2034(a)(1); and
- 1.9 **WHEREAS**, Commission staff (per Streets and Highways Code Section 2034(a)(1)) reviews submittals for completeness, not to select or authorize the projects listed; and
- 1.10 **WHEREAS**, Commission staff compiled a list of cities and counties that provided complete proposed project list submittals and are therefore eligible to receive Fiscal Year 2018-19 formula apportionments of Road Maintenance and Rehabilitation Account Local Streets and Roads Funding, as reflected in the attached Initial Report of Eligible Cities and Counties, and;
- 1.11 **WHEREAS**, that attachment is intended to serve as the initial report of eligible cities and counties as required by Streets and Highways Code Section 2034(a)(2).
- 2.1 **NOW, THEREFORE, BE IT RESOLVED**, that the Commission adopts the attached Fiscal Year 2018-19 Road Maintenance and Rehabilitation Account Local Streets and Roads Funding Initial Report of Eligible Cities and Counties; and
- 2.2 **BE IT FURTHER RESOLVED**, that Commission staff is authorized to make minor technical changes as needed to the report; and
- 2.3 **BE IT FURTHER RESOLVED**, that the Commission directs staff to transmit the report to the State Controller as required by Streets and Highways Code Section 2034(a)(2).

FISCAL YEAR 2018-19 ROAD MAINTENANCE AND REHABILITATION ACCOUNT
LOCAL STREETS AND ROADS FUNDING
OUTSTANDING SUBMITTALS – ELIGIBILITY INTENTION UNDETERMINED**

As of June 15, 2018, the cities listed below did not meet the initial submittal deadline, and have yet to inform Commission staff of their intent to seek eligibility for Fiscal Year 2018-19 Road Maintenance and Rehabilitation Account Local Streets and Roads Funding. These cities have also not yet enrolled to use the SB1 Programs Intake Tool.

Commission staff will continue to reach out to these cities in an effort to achieve 100 percent eligibility in the second cycle of the Road Maintenance and Rehabilitation Account Local Streets and Roads Program.

These cities have been informed that they must obtain council action at a regularly scheduled meeting and submit the completed proposed project list and adopted resolution, on or before August 1, 2018, to be eligible for Fiscal Year 2018-19 Local Streets and Roads Funding.
