Senate Bill No. 1077

CHAPTER 835

An act to add and repeal Chapter 7 (commencing with Section 3090) of Division 2 of, and to repeal Chapter 7 (commencing with former Section 3100) of Division 2 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 29, 2014. Filed with Secretary of State September 29, 2014.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1077, DeSaulnier. Vehicles: road usage charge pilot program.

Existing law establishes the Transportation Agency, which consists of the Department of the California Highway Patrol, the California Transportation Commission, the Department of Motor Vehicles, the Department of Transportation, the High-Speed Rail Authority, and the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun.

This bill would require the Chair of the California Transportation Commission to create a Road Usage Charge (RUC) Technical Advisory Committee in consultation with the Secretary of the Transportation Agency. The bill would require the technical advisory committee to study RUC alternatives to the gas tax and to make recommendations to the Secretary of the Transportation Agency on the design of a pilot program, as specified. The bill would also authorize the technical advisory committee to make recommendations on the criteria to be used to evaluate the pilot program. The bill would require the technical advisory committee to consult with specified entities and to consider certain factors in carrying out its duties. The bill would require the Transportation Agency, based on the recommendations of the technical advisory committee, to implement a pilot program to identify and evaluate issues related to the potential implementation of an RUC program in California by January 1, 2017. The bill would require the agency to prepare and submit a report of its findings to the technical advisory committee, the commission, and the appropriate fiscal and policy committees of the Legislature by no later than June 30, 2018, as specified. The bill would also require the commission to include its recommendations regarding the pilot program in its annual report to the Legislature, as specified. The bill would repeal these provisions on January 1, 2019.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
An efficient transportation system is critical for California’s economy and quality of life. The revenues currently available for highways and local roads are inadequate to preserve and maintain existing infrastructure and to provide funds for improvements that would reduce congestion and improve service. The gas tax is an ineffective mechanism for meeting California’s long-term revenue needs because it will steadily generate less revenue as cars become more fuel efficient and alternative sources of fuel are identified. By 2030, as much as half of the revenue that could have been collected will be lost to fuel efficiency. Additionally, bundling fees for roads and highways into the gas tax makes it difficult for users to understand the amount they are paying for roads and highways.

Other states have begun to explore the potential for a road usage charge to replace traditional gas taxes, including the State of Oregon, which established the first permanent road user charge program in the nation. Road usage charging is a policy whereby motorists pay for the use of the roadway network based on the distance they travel. Drivers pay the same rate per mile driven, regardless of what part of the roadway network they use. A road usage charge program has the potential to distribute the gas tax burden across all vehicles regardless of fuel source and to minimize the impact of the current regressive gas tax structure.

Experience to date in other states across the nation demonstrates that mileage-based charges can be implemented in a way that ensures data security and maximum privacy protection for drivers. It is therefore important that the state begin to explore alternative revenue sources that may be implemented in lieu of the antiquated gas tax structure now in place.

Any exploration of alternative revenue sources shall take privacy implications into account, especially with regard to location data. Travel locations or patterns shall not be reported, and legal and technical safeguards shall protect personal information.

SEC. 2. Chapter 7 (commencing with Section 3090) is added to Division 2 of the Vehicle Code, to read:

**Chapter 7. Road Usage Charge Pilot Program**

3090. (a) The Chair of the California Transportation Commission shall create, in consultation with the Secretary of the Transportation Agency, a Road Usage Charge (RUC) Technical Advisory Committee.

(b) The purpose of the technical advisory committee is to guide the development and evaluation of a pilot program to assess the potential for mileage-based revenue collection for California’s roads and highways as an alternative to the gas tax system.

(c) The technical advisory committee shall consist of 15 members. In selecting the members of the technical advisory committee, the chair shall
consider individuals who are representative of the telecommunications industry, highway user groups, the data security and privacy industry, privacy rights advocacy organizations, regional transportation agencies, national research and policymaking bodies, including, but not limited to, the Transportation Research Board and the American Association of State Highway and Transportation Officials, Members of the Legislature, and other relevant stakeholders as determined by the chair.

(d) Pursuant to Section 14512 of the Government Code, the technical advisory committee may request the Department of Transportation to perform such work as the technical advisory committee deems necessary to carry out its duties and responsibilities.

(e) The technical advisory committee shall study RUC alternatives to the gas tax. The technical advisory committee shall gather public comment on issues and concerns related to the pilot program and shall make recommendations to the Secretary of the Transportation Agency on the design of a pilot program to test alternative RUC approaches. The technical advisory committee may also make recommendations on the criteria to be used to evaluate the pilot program.

(f) In studying alternatives to the current gas tax system and developing recommendations on the design of a pilot program to test alternative RUC approaches pursuant to subdivision (e), the technical advisory committee shall take all of the following into consideration:

1. The availability, adaptability, reliability, and security of methods that might be used in recording and reporting highway use.
2. The necessity of protecting all personally identifiable information used in recording highway use.
3. The ease and cost of recording and reporting highway use.
4. The ease and cost of administering the collection of taxes and fees as an alternative to the current system of taxing highway use through motor vehicle fuel taxes.
5. Effective methods of maintaining compliance.
6. The ease of reidentifying location data, even when personally identifiable information has been removed from the data.
7. Increased privacy concerns when location data is used in conjunction with other technologies.
8. Public and private agency access, including law enforcement, to data collected and stored for purposes of the RUC to ensure individual privacy rights are protected pursuant to Section 1 of Article I of the California Constitution.

(g) The technical advisory committee shall consult with highway users and transportation stakeholders, including representatives of vehicle users, vehicle manufacturers, and fuel distributors as part of its duties pursuant to subdivision (f).

3091. (a) Based on the recommendations of the RUC Technical Advisory Committee, the Transportation Agency shall implement a pilot program to identify and evaluate issues related to the potential implementation of an RUC program in California by January 1, 2017.
(b) At a minimum, the pilot program shall accomplish all of the following:

1. Analyze alternative means of collecting road usage data, including at least one alternative that does not rely on electronic vehicle location data.

2. Collect a minimum amount of personal information including location tracking information, necessary to implement the RUC program.

3. Ensure that processes for collecting, managing, storing, transmitting, and destroying data are in place to protect the integrity of the data and safeguard the privacy of drivers.

(c) The agency shall not disclose, distribute, make available, sell, access, or otherwise provide for another purpose, personal information or data collected through the RUC program to any private entity or individual unless authorized by a court order, as part of a civil case, by a subpoena issued on behalf of a defendant in a criminal case, by a search warrant, or in aggregate form with all personal information removed for the purposes of academic research.

3092. (a) The Transportation Agency shall prepare and submit a report of its findings based on the results of the pilot program to the RUC Technical Advisory Committee, the California Transportation Commission, and the appropriate policy and fiscal committees of the Legislature by no later than June 30, 2018. The report shall include, but not be limited to, a discussion of all of the following issues:

1. Cost.

2. Privacy, including recommendations regarding public and private access, including law enforcement, to data collected and stored for purposes of the RUC to ensure individual privacy rights are protected pursuant to Section 1 of Article I of the California Constitution.

4. Feasibility.

5. Complexity.

6. Acceptance.

7. Use of revenues.

8. Security and compliance, including a discussion of processes and security measures necessary to minimize fraud and tax evasion rates.

9. Data collection technology, including a discussion of the advantages and disadvantages of various types of data collection equipment and the privacy implications and considerations of the equipment.

10. Potential for additional driver services.

11. Implementation issues.

(b) The California Transportation Commission shall include its recommendations regarding the pilot program in its annual report to the Legislature as specified in Sections 14535 and 14536 of the Government Code.

3093. This chapter shall remain in effect only until January 1, 2019, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2019, deletes or extends that date.
SEC. 3. Chapter 7 (commencing with former Section 3100) of Division 2 of the Vehicle Code is repealed.
Purpose

Guide the development and evaluation of a pilot program to assess the potential for mileage-based revenue collection for California’s roads and highways as an alternative to the gas tax system.

Responsibilities

The Road Charge Technical Advisory Committee (Committee) has the following responsibilities:

1. Study road charge alternatives to the gas tax.
2. Gather public comment on issues and concerns related to a road charge pilot program.

1. The Committee is subject to and will comply with the Bagley-Keene Open Meeting Act of 2004.

2. A Commissioner of the California Transportation Commission (Commission) will serve as the Committee Chairman who shall preside at all meetings. The Committee Chairman will appoint a Vice-Chairman to serve in the Chairman’s absence.

3. The Committee will operate by consensus. The goal will be to reach unanimous consensus – meaning that all members can support, or live with, the Committee’s recommendations. Due to the compressed schedule for the development of the pilot program any member missing three meetings will be removed from the Committee.

5. If a Committee member cannot attend a meeting and wishes to make a statement regarding an agenda item, he or she may provide the Chairman with a written statement, which will be read to the full group when the issue is considered, and which shall be made available to the public as provided by the Bagley-Keene Open Meeting Act.

Members agree to bring issues or concerns pertaining to the operation of the Committee to the Committee itself before raising them with others.

9. Each member will work diligently to understand any issue or concern raised by their organization and communicate those issues in a timely fashion to the full Committee, to provide the Committee with an opportunity to respond to the issues or concerns.

10. Interim and final reports will be written in a manner that fairly and accurately reflects the findings, recommendations and opinions of the Committee. Where clear differences of opinion remain on important issues, the final report will properly capture and convey divergent views.

11. Nothing in this document is intended to restrict, limit, or otherwise inhibit the free expression of opinions by any member of the Committee when that member makes it clear that he or she is speaking for himself or herself or on behalf of the interests he or she represents.

12. General public comments are scheduled at the conclusion of the meeting. The Chair may impose a time limit. Comment cards will be made available at the meeting and the Committee website will provide an opportunity for public comment.

13. Requests for legal services to the Committee will be addressed by the Committee Chairman to the Commission's General Counsel.
SUMMARY OF PERTINENT PROVISIONS OF
THE OPEN MEETING ACT AND THE PUBLIC RECORDS ACT

Bagley-Keene Open Meeting Act

The Bagley-Keene Open Meeting Act applies to state-level multi-member entities. (Gov. C. §§ 11120 et seq.) It is similar to the Brown Act, the difference being that the Brown Act (§§ 54950 et seq.) applies to local and regional bodies. Both acts have the same purpose, stated in identical fashion in each of the Acts:

[The intent of the law is that the actions of public bodies] be taken openly and that their deliberations be conducted openly.

The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

(§§ 11120 and 54950.)

This policy has a constitutional dimension. “The people have the right of access to information concerning the conduct of the people's business, and, therefore, the meetings of public bodies and the writings of public officials and agencies shall be open to public scrutiny.” (Constitution, Article I, Section 3, subdivision (b)(1).)

The Open Meeting Act requires that notice of meetings, including a specific agenda, be given to the public and generally requires that the meetings be conducted in public. (§§ 11123 and 11125.)

An authorized “Meeting” means a congregation of a majority of the members of a state body at the same time and place to discuss any item within the body’s subject matter jurisdiction, where proper notice has been given. (§11122.5, subd. (a).) With certain exceptions, all meetings of the body shall be open and public. (§11123, subd. (a).)

Other “meetings” or discussions are generally prohibited if they involve subject matter discussions among a majority of the body. This prohibition applies to discussions:

- in which members participate through a series of communications (including telephonic and electronic) that eventually involve a majority of the body.
- that take place through an intermediary, including an intermediary who is not a member of the body.

(§§ 11122.5, subd. (b).) Obviously, the point of this prohibition is to avoid circumvention of the requirement that meetings be held openly and publicly.

Documents distributed to a majority of the members of a body that pertain to an item “subject to discussion or consideration at a public meeting of the body” generally become public records. (Gov. C. §11125.1, subd. (a).)

Members of the public are entitled to “an opportunity . . . to directly address the state body on each agenda item before or during the state body’s discussion or consideration of the item. (Gov. C. §11125.7.) In this way the members of the body have the benefit of public comment during their deliberation and action on the agenda item.

1 All section references are to the Government Code.
Committee generated documents are subject to the Public Records Act. The act defines "public records" to include “any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics.” (§ 6252, subd. (e).) As noted above, writings distributed to all or a majority of members of the body that pertain to an item on the agenda are subject to the act.

The purpose of the Public Records Act is fundamentally the same as that of the Bagley-Keene Open Meeting Act. “[A]ccess to information concerning the conduct of the people's business is a fundamental and necessary right of every person in this state.” (§ 6250.)

Does the Public Records Act apply to e-mails and text messages that concern subjects falling within the jurisdiction of the body and that are transmitted from or to a member of the body when private e-mail accounts are used? This issue is pending in City of San Jose v. Superior Court, Case No. S218066. The Court describes the issue as follows:

Are written communications pertaining to city business, including email and text messages, which (a) are sent or received by public officials and employees on their private electronic devices using their private accounts, (b) are not stored on city servers, and (c) are not directly accessible by the city, "public records" within the meaning of the California Public Records Act?

The trial court ruled that such e-mails and text messages are subject to disclosure under the Public Records Act.

The Court of Appeal overturned the trial court’s order, stating that “the Act does not require public access to communications between public officials using exclusively private cell phones or e-mail accounts.” The person who sought the records then filed a petition for review with the Supreme Court. The Supreme Court granted review and the case is now being briefed.

End Note

The above points represent a summary and generalized overview of some of the pertinent points concerning open meeting and public records requirements, and therefore should not be treated as specific advice applicable to any specific situation that may arise. Requests for legal advice can be communicated through the committee chair or through a designated member of the Commission’s staff.

(Amended by Stats. 2009, Ch. 88, Sec. 42. Effective January 1, 2010.)

11125.
(a) The state body shall provide notice of its meeting to any person who requests that notice in writing. Notice shall be given and also made available on the Internet at least 10 days in advance of the meeting, and shall include the name, address, and telephone number of any person who can provide further information prior to the meeting, but need not include a list of witnesses expected to appear at the meeting. The written notice shall additionally include the address of the Internet site where notices required by this article are made available.

No item shall be added to the agenda subsequent to the provision of this notice, unless otherwise permitted by this article.

(c) Notice of a meeting of a state body that complies with this section shall also constitute notice of a meeting of an advisory body of that state body, provided that the business to be discussed by the advisory body is covered by the notice of the meeting of the state body, provided that the specific time and place of the advisory body’s meeting is announced during the open and public state body’s meeting, and provided that the advisory body’s meeting is conducted within a reasonable time of, and nearby, the meeting of the state body.

(d) A person may request, and shall be provided, notice pursuant to subdivision (a) for all meetings of a state body or for a specific meeting or meetings. In addition, at the state body’s discretion, a person may request, and may be provided, notice of only those meetings of a state body at which a particular subject or subjects specified in the request will be discussed.

(e) A request for notice of more than one meeting of a state body shall be subject to the provisions of Section 14911.

(f) The notice shall be made available in appropriate alternative formats, as required by Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and the federal rules and regulations adopted in implementation thereof, upon request by any person with a disability. The notice shall include information regarding how, to whom, and by when a request for any disability-related modification or accommodation, including auxiliary aids or services may be made by a person with a disability who requires these aids or services in order to participate in the public meeting.

(Amended by Stats. 2002, Ch. 300, Sec. 2. Effective January 1, 2003.)

11125.1. (a) Notwithstanding Section 6255 or any other provisions of law, agendas of public meetings and other writings, when distributed to all, or a majority of all, of the members of a state body by any person in connection with a matter subject to discussion or consideration at a public meeting of the body, are disclosable public records under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1), and shall be made available upon request without delay. However, this section shall not include any writing exempt from public disclosure under Section 6253.5, 6254, or 6254.7 of this code, or Section 489.1 or 583 of the Public Utilities Code.

(b) Writings that are public records under subdivision (a) and that are distributed to members of the state body prior to or during a meeting, pertaining to any item to be considered during the meeting, shall be made available for public inspection at the meeting if prepared by the state body or a member of the state body, or after the meeting if prepared by some other person. These writings shall be made available in appropriate alternative formats, as required by Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and the federal rules and regulations adopted in implementation thereof, upon request by a person with a disability.

(c) In the case of the Franchise Tax Board, prior to that state body taking final action on any item, writings pertaining to that item that are public records under subdivision (a) that are prepared and distributed by the Franchise Tax Board staff or individual members to members of the state body prior to or during a meeting shall be:

1. Made available for public inspection at that meeting.
2. Distributed to all persons who request notice in writing pursuant to subdivision (a) of Section 11125.

(d) Prior to the State Board of Equalization taking final action on any item that does not involve a named tax or fee payer, writings pertaining to that item that are public records under subdivision (a) that are prepared and distributed by board staff or individual members to members of the state body prior to or during a meeting shall be:

1. Made available for public inspection at that meeting.
(2) Distributed to all persons who request or have requested copies of these writings.

(3) Made available on the Internet.

(e) Nothing in this section shall be construed to prevent a state body from charging a fee or deposit for a copy of a public record pursuant to Section 6253, except that no surcharge shall be imposed on persons with disabilities in violation of Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and the federal rules and regulations adopted in implementation thereof. The writings described in subdivision (b) are subject to the requirements of the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1), and shall not be construed to limit or delay the public’s right to inspect any record required to be disclosed by that act, or to limit the public’s right to inspect any record covered by that act. This section shall not be construed to be applicable to any writings solely because they are properly discussed in a closed session of a state body. Nothing in this article shall be construed to require a state body to place any paid advertisement or any other paid notice in any publication.

(f) "Writing" for purposes of this section means "writing" as defined under Section 6252.

(Amended by Stats. 2005, Ch. 188, Sec. 1. Effective January 1, 2006.)

11125.2. Any state body shall report publicly at a subsequent public meeting any action taken, and any rollcall vote thereon, to appoint, employ, or dismiss a public employee arising out of any closed session of the state body.

(Amended by Stats. 1981, Ch. 968, Sec. 10.3.)

11125.3. (a) Notwithstanding Section 11125, a state body may take action on items of business not appearing on the posted agenda under any of the conditions stated below:

(1) Upon a determination by a majority vote of the state body that an emergency situation exists, as defined in Section 11125.5.

(2) Upon a determination by a two-thirds vote of the state body, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there exists a need to take immediate action and that the need for action came to the attention of the state body subsequent to the agenda being posted as specified in Section 11125.

(b) Notice of the additional item to be considered shall be provided to each member of the state body and to all parties that have requested notice of its meetings as soon as is practicable after a determination of the need to consider the item is made, but shall be delivered in a manner that allows it to be received by the members and by newspapers of general circulation and radio or television stations at least 48 hours before the time of the meeting specified in the notice. Notice shall be made available to newspapers of general circulation and radio or television stations by providing that notice to all national press wire services. Notice shall also be made available on the Internet as soon as is practicable after the decision to consider additional items at a meeting has been made.

(Amended by Stats. 2001, Ch. 243, Sec. 9. Effective January 1, 2002.)

11125.4. (a) A special meeting may be called at any time by the presiding officer of the state body or by a majority of the members of the state body. A special meeting may only be called for one of the following purposes when compliance with the 10-day notice provisions of Section 11125 would impose a substantial hardship on the state body or when immediate action is required to protect the public interest:

(1) To consider "pending litigation" as that term is defined in subdivision (e) of Section 11126.

(2) To consider proposed legislation.

(3) To consider issuance of a legal opinion.

(4) To consider disciplinary action involving a state officer or employee.

(5) To consider the purchase, sale, exchange, or lease of real property.

(6) To consider license examinations and applications.

(7) To consider an action on a loan or grant provided pursuant to Division 31 (commencing with Section 50000) of the Health and Safety Code.

(8) To consider its response to a confidential final draft audit report as permitted by Section 11126.2.

(9) To provide for an interim executive officer of a state body upon the death, incapacity, or vacancy in the office of the executive officer.

(b) When a special meeting is called pursuant to one of the purposes specified in subdivision (a), the state body shall provide notice of the special meeting to each member of the state body and to all parties that have requested notice of its meetings as soon as is practicable after the decision to call a special meeting has been
made, but shall deliver the notice in a manner that allows it to be received by the members and by newspapers of
general circulation and radio or television stations at least 48 hours before the time of the special meeting
specified in the notice. Notice shall be made available to newspapers of general circulation and radio or television
stations by providing that notice to all national press wire services. Notice shall also be made available on the
Internet within the time periods required by this section. The notice shall specify the time and place of the special
meeting and the business to be transacted. The written notice shall additionally specify the address of the Internet
Web site where notices required by this article are made available. No other business shall be considered at a
special meeting by the state body. The written notice may be dispensed with as to any member who at or prior to
the time the meeting convenes files with the clerk or secretary of the state body a written waiver of notice. The
waiver may be given by telegram, facsimile transmission, or similar means. The written notice may also be
dispensed with as to any member who is actually present at the meeting at the time it convenes. Notice shall be
required pursuant to this section regardless of whether any action is taken at the special meeting.

(c) At the commencement of any special meeting, the state body must make a finding in open session that the
delay necessitated by providing notice 10 days prior to a meeting as required by Section 11125 would cause a
substantial hardship on the body or that immediate action is required to protect the public interest. The finding
shall set forth the specific facts that constitute the hardship to the body or the impending harm to the public
interest. The finding shall be adopted by a two-thirds vote of the body, or, if less than two-thirds of the members
are present, a unanimous vote of those members present. The finding shall be made available on the Internet.
Failure to adopt the finding terminates the meeting.

(Amended by Stats. 2007, Ch. 92, Sec. 1. Effective January 1, 2008.)

11125.5. (a) In the case of an emergency situation involving matters upon which prompt action is necessary due
to the disruption or threatened disruption of public facilities, a state body may hold an emergency meeting without
complying with the 10-day notice requirement of Section 11125 or the 48-hour notice requirement of Section
11125.4.

(b) For purposes of this section, "emergency situation" means any of the following, as determined by a majority of
the members of the state body during a meeting prior to the emergency meeting, or at the beginning of the
emergency meeting:

(1) Work stoppage or other activity that severely impairs public health or safety, or both.

(2) Crippling disaster that severely impairs public health or safety, or both.

(c) However, newspapers of general circulation and radio or television stations that have requested notice of
meetings pursuant to Section 11125 shall be notified by the presiding officer of the state body, or a designee
thereof, one hour prior to the emergency meeting by telephone. Notice shall also be made available on the
Internet as soon as is practicable after the decision to call the emergency meeting has been made. If telephone
services are not functioning, the notice requirements of this section shall be deemed waived, and the presiding
officer of the state body, or a designee thereof, shall notify those newspapers, radio stations, or television stations
of the fact of the holding of the emergency meeting, the purpose of the meeting, and any action taken at the
meeting as soon after the meeting as possible.

(d) The minutes of a meeting called pursuant to this section, a list of persons who the presiding officer of the state
body, or a designee thereof, notified or attempted to notify, a copy of the rolcall vote, and any action taken at the
meeting shall be posted for a minimum of 10 days in a public place, and also made available on the Internet for a
minimum of 10 days, as soon after the meeting as possible.

(Amended by Stats. 1999, Ch. 393, Sec. 3. Effective January 1, 2000. As provided in Sec. 7 of Ch. 393, amendment is to be
implemented on July 1, 2001, or other date authorized by Dept. of Information Technology pursuant to Executive Order D-3-
99.)

11125.6. (a) An emergency meeting may be called at any time by the president of the Fish and Game Commission
or by a majority of the members of the commission to consider an appeal of a closure of or restriction in a fishery
adopted pursuant to Section 7710 of the Fish and Game Code. In the case of an emergency situation involving
matters upon which prompt action is necessary due to the disruption or threatened disruption of an established
fishery, the commission may hold an emergency meeting without complying with the 10-day notice requirement of
Section 11125 or the 48-hour notice requirement of Section 11125.4 if the delay necessitated by providing the 10-
day notice of a public meeting required by Section 11125 or the 48-hour notice required by Section 11125.4 would
significantly adversely impact the economic benefits of a fishery to the participants in the fishery and to the people
of the state or significantly adversely impact the sustainability of a fishery managed by the state.

(b) At the commencement of an emergency meeting called pursuant to this section, the commission shall make a
finding in open session that the delay necessitated by providing notice 10 days prior to a meeting as required by
Section 11125 or 48 hours prior to a meeting as required by Section 11125.4 would significantly adversely impact the economic benefits of a fishery to the participants in the fishery and to the people of the state or significantly adversely impact the sustainability of a fishery managed by the state. The finding shall set forth the specific facts that constitute the impact to the economic benefits of the fishery or the sustainability of the fishery. The finding shall be adopted by a vote of at least four members of the commission, or, if less than four of the members are present, a unanimous vote of those members present. Failure to adopt the finding shall terminate the meeting.

If the session is closed pursuant to paragraph (2) of subdivision (d) of Section 11126, the state body shall state the title of, or otherwise specifically identify, the proceeding or disciplinary action contemplated. Nothing in this section shall prohibit the state body from establishing a procedure for readmitting an individual or individuals not responsible for willfully disturbing the orderly conduct of the meeting. Less than a quorum may so adjourn from time to time. If all members are absent from any regular or adjourned regular meeting, the clerk or secretary of the state body may declare the meeting adjourned to a stated time and place and he or she shall cause a written notice of the adjournment to be given in the same manner as provided in Section 11125.4 for special meetings, unless that notice is waived as provided for special meetings. A copy of the order or notice of adjournment shall be conspicuously posted on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held within 24 hours after the time of the adjournment. When a regular or adjourned regular meeting is adjourned as provided in this section, the resulting adjourned regular meeting is a regular meeting for
all purposes. When an order of adjournment of any meeting fails to state the hour at which the adjourned meeting is to be held, it shall be held at the hour specified for regular meetings by law or regulation.

(Added by Stats. 1997, Ch. 949, Sec. 11. Effective January 1, 1998.)

(b) The court in its discretion may, upon a judgment of a violation of Section 11126, order the state body to audio record its closed sessions and preserve the audio recordings for the period and under the terms of security and confidentiality the court deems appropriate.

(c) (1) Each recording so kept shall be immediately labeled with the date of the closed session recorded and the title of the clerk or other officer who shall be custodian of the recording.

(2) The audio recordings shall be subject to the following discovery procedures:

(A) In any case in which discovery or disclosure of the audio recording is sought by the Attorney General, the district attorney, or the plaintiff in a civil action pursuant to this section or Section 11130.3 alleging that a violation of this article has occurred in a closed session that has been recorded pursuant to this section, the party seeking discovery or disclosure shall file a written notice of motion with the appropriate court with notice to the governmental agency that has custody and control of the audio recording. The notice shall be given pursuant to subdivision (b) of Section 1005 of the Code of Civil Procedure.

(B) The notice shall include, in addition to the items required by Section 1010 of the Code of Civil Procedure, all of the following:

(i) Identification of the proceeding in which discovery or disclosure is sought, the party seeking discovery or disclosure, the date and time of the meeting recorded, and the governmental agency that has custody and control of the recording.

(ii) An affidavit that contains specific facts indicating that a violation of the act occurred in the closed session.

(3) If the court, following a review of the motion, finds that there is good cause to believe that a violation has occurred, the court may review, in camera, the recording of that portion of the closed session alleged to have violated the act.

(4) If, following the in camera review, the court concludes that disclosure of a portion of the recording would be likely to materially assist in the resolution of the litigation alleging violation of this article, the court shall, in its discretion, make a certified transcript of the portion of the recording a public exhibit in the proceeding.

(5) Nothing in this section shall permit discovery of communications that are protected by the attorney-client privilege.

(Amended by Stats. 2009, Ch. 88, Sec. 43. Effective January 1, 2010.)

11130.3. (a) Any interested person may commence an action by mandamus, injunction, or declaratory relief for the purpose of obtaining a judicial determination that an action taken by a state body in violation of Section 11123 or 11125 is null and void under this section. Any action seeking such a judicial determination shall be commenced within 90 days from the date the action was taken. Nothing in this section shall be construed to prevent a state body from curing or correcting an action challenged pursuant to this section.

(b) An action shall not be determined to be null and void if any of the following conditions exist:
(1) The action taken was in connection with the sale or issuance of notes, bonds, or other evidences of indebtedness or any contract, instrument, or agreement related thereto.

(2) The action taken gave rise to a contractual obligation upon which a party has, in good faith, detrimentally relied.

(3) The action taken was in substantial compliance with Sections 11123 and 11125.

(4) The action taken was in connection with the collection of any tax.

(Amended by Stats. 1999, Ch. 393, Sec. 5. Effective January 1, 2000.)

11130.5. A court may award court costs and reasonable attorney’s fees to the plaintiff in an action brought pursuant to Section 11130 or 11130.3 where it is found that a state body has violated the provisions of this article. The costs and fees shall be paid by the state body and shall not become a personal liability of any public officer or employee thereof.

A court may award court costs and reasonable attorney’s fees to a defendant in any action brought pursuant to Section 11130 or 11130.3 where the defendant has prevailed in a final determination of the action and the court finds that the action was clearly frivolous and totally lacking in merit.

(Amended by Stats. 1985, Ch. 936, Sec. 2.)

11130.7. Each member of a state body who attends a meeting of that body in violation of any provision of this article, and where the member intends to deprive the public of information to which the member knows or has reason to know the public is entitled under this article, is guilty of a misdemeanor.

(Amended by Stats. 1997, Ch. 949, Sec. 14. Effective January 1, 1998.)

11131. No state agency shall conduct any meeting, conference, or other function in any facility that prohibits the admittance of any person, or persons, on the basis of ancestry or any characteristic listed or defined in Section 11135, or that is inaccessible to disabled persons, or where members of the public may not be present without making a payment or purchase. As used in this section, “state agency” means and includes every state body, office, officer, department, division, bureau, board, council, commission, or other state agency.

(Amended by Stats. 2007, Ch. 568, Sec. 32. Effective January 1, 2008.)

11131.5. No notice, agenda, announcement, or report required under this article need identify any victim or alleged victim of crime, tortious sexual conduct, or child abuse unless the identity of the person has been publicly disclosed.

(Added by Stats. 1997, Ch. 949, Sec. 16. Effective January 1, 1998.)

11132. Except as expressly authorized by this article, no closed session may be held by any state body.
