Subject: **TECHNICAL CORRECTION TO PREVIOUSLY APPROVED  
RESOLUTION TAA-14-04 AND RESOLUTIONS TFP-14-09 AND TFP-14-07**

### **RECOMMENDATION:**

The California Department of Transportation recommends the California Transportation Commission (Commission) approve a technical correction to Resolution TFP-14-09, originally approved on June 25, 2015.

### **ISSUE:**

At its June 2015 meeting, the Commission approved Resolution TFP-14-09 to reprogram \$400,000 from Fiscal Year (FY) 2015-16 to 2016-17 for the State administered State Transportation Improvement Program (STIP) project Route 46 Widening – Segment 4A project (PPNO 3386C) in Kern County.

A technical correction is needed to update the funding fiscal year, which was not correctly reflected in the chart for the Route 46 Widening – Segment 4A project (PPNO 3386C) in the book item.

The required changes are reflected in bold on the attached document.

Subject: **TRAFFIC CONGESTION RELIEF PROGRAM - PROJECT AND ALLOCATION  
AMENDMENT  
RESOLUTION TAA-14-04, AMENDING TAA-06-59  
RESOLUTION TFP-14-09, AMENDING RESOLUTIONS TFP-14-07 AND TFP-06-23**

## **RECOMMENDATION:**

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) amend Traffic Congestion Relief Program (TCRP) Project 113 – Route 46 Expressway in Kern County, and re-allocate previously allocated funds.

## **ISSUE:**

The overall project is being delivered in four segments; Segment 1 (PPNO 3386), Segment 2 (PPNO 3380A), Segment 3 (PPNO 3386A), and Segment 4A (PPNO 3386C). The Kern Council of Governments and the Department are requesting to amend TCRP Project 113 – Route 46 Construct Expressway to:

- Allocate \$170,000 of previously de-allocated construction close out savings (May 2015 Commission Meeting) from Segment 3 (PPNO 3386A) to Segment 4A (PPNO 3386C).
- De-allocate \$1,459,000 TCRP close-out savings from Segment 2 Right of Way.
- Reprogram the combined savings above (\$1,629,000 total) to Segment 4A as follows: \$138,000 to Right of Way, \$1,301,000 to construction and \$190,000 to construction support and re-allocate when the components are ready.

## **BACKGROUND:**

The project scope is to convert Route 46 to a four-lane expressway near Wasco, from the San Luis Obispo County line to Kecks Road. The overall project is being delivered in four segments: Segment 1 (PPNO 3386), Segment 2 (PPNO 3380A), Segment 3 (PPNO 3386A) and Segment 4A (PPNO 3386C). The Commission allocated a total of \$7,570,000 in TCRP to the project. Segments 1, 2, and 3 are complete and open to traffic. Segment 4A is currently in Design.

Through the Design process the impact to Right of Way increased, resulting in increased workload and increased Right of Way costs. There was insufficient Right of Way staff to handle the added demand, resulting in a delay. In addition, a construction cost increase was identified for relinquishment mitigation. The revised Right of Way costs identified during Design will be funded by federal Demo funds. The TCRP savings along with increased federal Demo funding allows the project to remain fully funded. The amendment to reprogram and allocate savings addresses the increased Right of Way and construction costs.

There is a concurrent STIP amendment for approval on the Commissions June agenda, to delay Segment 4A construction programming from Fiscal Year (FY) 2015-16 to FY 2016-17.

The changes described above are tabulated on the following pages.
