To: CHAIR AND COMMISSIONERS

CTC Meeting: June 29-30, 2016

Reference No.: 4.1

From: SUSAN BRANSEN
Executive Director

Subject: **STATE AND FEDERAL LEGISLATION**

ISSUE:

Should the California Transportation Commission (Commission) accept the staff report and provide comments on the legislation identified and monitored by staff as presented in Attachment A?

RECOMMENDATION:

Staff recommends that the Commission accept the staff report and provide direction to staff on legislation of interest in Attachment A.

BACKGROUND:

The state Constitution specifies that August 31st of each even year is the last day for the Legislature to pass bills in a regular two-year session, except for bills that take effect immediately (such as bills with urgency clauses and tax levies) or bills in an Extraordinary Session. The Legislative deadline for policy committees to hear bills in either house is July 1st. Because this is the second year of the two-year session, any bills not heard and reported out of policy committee in their house of origin are generally considered to be “dead”. The Legislature will adjourn for Summer Recess at the end of June and not return until Monday, August 1st.

Most bills that emerge from policy committees are referred to each house’s respective Committee on Appropriations, where they will be placed on the Suspense File if anything more than minor costs are associated with them. The final Suspense hearings will likely occur the week of August 8th.

Commission staff have been diligently tracking bills affecting the state’s transportation system and/or the Commission. Identified in Attachment A, these bills have been divided into two groups – the primary bills most critical to the Commission and a secondary list of bills that might be of interest to the Commission.

Update on Bills Which the Commission Has Taken an Action
