California Transportation Commission and California Air Resources Board Joint Public Meeting

June 27, 2018

1:00 p.m.

**California Environmental Protection Agency
Air Resources Board – Coastal Hearing Room
1001 I Street Sacramento, California 95814**

The California Transportation Commission (Commission) and California Air Resources Board (CARB) are holding the first joint public meeting on June 27th to discuss program coordination pursuant to Assembly Bill 179 (Cervantes, 2017).

The agenda will be posted on both the Commission's website (www.catc.ca.gov) and CARB's website (www.arb.ca.gov), at least ten days prior to the meeting.

The second joint Commission/CARB meeting is scheduled for December 4, 2018 at 1:00 p.m. at the following location:

Caltrans District 7 Offices
100 Main Street
Los Angeles, CA 90012

Under AB 179 (Cervantes, Chapter 737, 2017), CARB and the Commission will conduct at least two joint meetings per calendar year to coordinate their implementation of transportation policies, including, but not limited to: implementation of the Sustainable Freight Action Plan, development of the California Transportation Plan update, and the setting of Sustainable Community Strategy greenhouse gas emission reduction targets.

Joint meetings will be more informal than Board or Commission meetings to provide an opportunity for increased discussion and stakeholder involvement. Presentations will facilitate open dialogue amongst the Board, Commission, and the public. There will be a dedicated time allotted for public comments and questions to allow for direct engagement with Board members and Commissioners.

If you have any questions please contact Garth Hopkins, Deputy Director for Transportation Planning at (916) 653-3148 or Garth.Hopkins@catc.ca.gov.
