

ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017 (SENATE BILL 1)

IMPLEMENTATION PLAN OVERVIEW

Senate Bill 1 (Beall, Chapter 5, Statutes of 2017), The Road Repair and Accountability Act of 2017, provides the first significant, stable, and ongoing increase in state transportation funding in more than two decades. In providing this funding, the Legislature has provided additional funding for transportation infrastructure, increased the role of the California Transportation Commission (Commission) in a number of existing programs, and created new transportation funding programs for the Commission to oversee. The development of guidelines will include workshops open to all interested parties. The timelines below are intended to be a guide. Staff will update these timelines during the guidelines development process.

EXISTING PROGRAMS UNDER COMMISSION OVERSIGHT	
<p>Active Transportation Program Augmentation (\$100M per year)</p> <p>Staff recommends making this funding available to already programmed projects that can be delivered earlier than currently programmed or for projects that applied for funding in the 2017 Active Transportation Program but that were not selected for funding.</p> <ul style="list-style-type: none"> • June 2017 – Workshop to develop guidelines • June 28-29, 2017 - Adopt guidelines • August 2017 – Applications due • October 18-19, 2017 – Adopt statewide & small urban and rural components • December 6-7, 2017 – Adopt MPO component 	<p>Local Partnership Program (\$200M per year)</p> <p>To recognize the benefits of a competitive program while still providing incentives to counties to enact taxes and fees to fund transportation needs, staff recommends implementing the Local Partnership Program as a 50% competitive program, 50% formulaic program. Due to the concerns raised by a number of regional transportation planning agencies regarding the implementation of the program as a mainly competitive program, the Commission directed staff to work with the Self-Help Counties Coalition to reach a compromise on the portion of the program to be competitive versus formulaic.</p> <ul style="list-style-type: none"> • June through September 2017 – Workshops to develop guidelines • August 16-17, 2017 – Presentation of draft guidelines • October 18-19, 2017 – Adoption of guidelines • March 2018 – Applications due • June 2018 – Program Adoption
<p>State Highway Operation And Protection Program (SHOPP) (Approximately \$1.9B per year for the SHOPP and Caltrans maintenance efforts)</p> <p>Along with a significant expansion of the Commission’s oversight responsibilities. SB 1 requires additional Commission oversight of the development and management of the SHOPP, including allocating support staff, project review and approval, and convening public hearings prior to adopting the SHOPP. The Commission is also responsible for monitoring Caltrans’ performance and progress toward accomplishing the specific goals set out in SB 1 and other targets or performance measures adopted by the Commission.</p> <ul style="list-style-type: none"> • May 17, 2017 - Presentation of draft interim guidelines • June 28-29, 2017 - Adoption of interim SHOPP guidelines and Asset Management Plan Guidelines 	<p>State Transportation Improvement Program (STIP)</p> <p>SB 1 stabilizes funding for the STIP. The impact of the stabilization of STIP funding will be included in the 2018 STIP Fund Estimate and incorporated in the 2018 STIP.</p> <ul style="list-style-type: none"> • May 17, 2017 - Approval of fund estimate assumptions • June 28, 2017 - Presentation of draft guidelines and draft fund estimate • August 16-17, 2017 - Adoption of guidelines and fund estimate • October 15, 2017 - Submittal of draft Interregional Transportation Improvement Program • October 2017 - Interregional Transportation Improvement Program Hearings • December 15, 2017 - Submittal of Regional Transportation Improvement Programs and the final Interregional Transportation Improvement Programs • January-February 2018 - STIP Hearings • March 2018 - Program adoption

NEW SB 1 PROGRAMS	
<p>Local Streets & Roads (Approximately \$1.5B per year)</p> <p>SB 1 creates new responsibilities for the Commission relative to this funding, including development of guidelines, review of project lists submitted by cities and counties, reporting to the State Controller, and receiving reports on completed projects.</p> <ul style="list-style-type: none"> • June and July 2017 – Workshops to develop guidelines • August 16-17, 2017 – Adoption of guidelines • October 18-19, 2017 – List of cities and counties presented at Commission meeting 	<p>Solutions for Congested Corridors Program (\$250M per year)</p> <p>Key issues to be addressed in the guidelines include the definition of a corridor, the definition of a highly congested corridor, the key elements of a comprehensive corridor plan, and the scoring criteria weighting.</p> <ul style="list-style-type: none"> • June through October 2017 – Workshops to develop guidelines • October 18-19, 2017 – Presentation of draft guidelines • December 6-7, 2017 – Adoption of guidelines • February 2018 – Applications due • May 2018 – Program adoption
<p>Trade Corridor Enhancement Account (\$300M per year)</p> <p>Trailer bill language was recently released to incorporate the SB 1 funding and federal freight funding into a single program. Because these changes would significantly impact the guidelines for the California Freight Investment Program (CFIP) that are on the Commission May agenda, staff will withdraw the CFIP guidelines and initiate additional workshops to revise the guidelines before bringing them to the Commission for approval.</p> <ul style="list-style-type: none"> • June through November - Workshops to develop guidelines • December 6-7, 2017 - Presentation of draft guidelines • January 2018 – Adoption of guidelines • March 2018 – Applications due • May 2018 – Program adoption 	<p>Traffic Congestion Relief Program (TCRP)</p> <p>SB 1 states “as of June 30, 2017, projects in... the Traffic Congestion Relief Program shall be deemed complete and final...” SB 1 directs the repayments due of all outstanding TCRP loans to other programs. Therefore, the only funding available to fund TCRP projects is approximately \$90 million of savings attributable to specific projects. Staff recommends the following:</p> <ul style="list-style-type: none"> • Only consider programming amendments and allocations prior to June 30, 2017. • Only consider programming amendments and allocations to shift identified savings to another TCRP project within the same county. • Allow savings to be transferred between counties only upon agreement of both applicants. • Programming amendments and allocations will not be considered if the project is already fully funded.
<p>Office of Inspector General (Effective July 1, 2017)</p> <p>No Action Required.</p>
