California Department of Transportation

2016 Report of STIP Balances
County and Interregional Shares

This is the California Transportation Commission's (Commission) nineteenth annual report of State Transportation Improvement Program (STIP) county share and interregional share balances. Section 188.11 of the Streets and Highways Code mandates that the Commission maintain a record of balances and that it make the balances through the end of each fiscal year available for review by regional agencies not later than August 15 each year.

This year's report of share balances includes allocations approved through the June 30, 2016 Commission meeting. The balances in this report are based on capacity identified through 2020-21 in the 2016 Amended STIP Fund Estimate, adopted in January 2016. The balances also include all current cash commitments made for AB 3090 reimbursements. Due to the deletion of \$754 million of projects in the 2016 adopted STIP, unprogrammed share balances for nearly all counties are higher than in prior reports.

The Commission breaks down the programming of STIP projects into three categories. The categories are (1) highway projects; (2) rail and transit projects; and (3) bicycle and pedestrian projects.

Highway projects are funded from the State Highway Account (SHA) and federal funds. Rail and transit projects are funded from the Public Transportation Account and federal funds. Rail and transit projects may also be eligible for SHA funds if the projects are not subject to Article 19 restrictions and there has been a county-wide vote to approve such use (as required by Proposition 5, Allowable Uses of Revenue from Gas Taxes, June 1974). Bicycle and pedestrian projects may be eligible for federal funds or SHA funds. Under existing law, county shares are based on the total of STIP funding estimated from all sources—there are not separate shares for each fund source.

This report includes STIP project listings for the primary purpose of documenting the use and availability of county and interregional shares. Although these listings may provide a useful summary of STIP projects, the project descriptions here are very brief and should not be regarded as complete and authoritative. The California Department of Transportation maintains a database with more complete project descriptions, and final authority rests with specific Commission actions and their supporting documentation.

Please direct any comments or questions regarding this report to the Commission's Deputy Director, Mitch Weiss, at 916-653-2072 or Mitchell.Weiss@dot.ca.gov.

Sincerely,

SUSAN BRANSEN
Executive Director

EXPLANATION OF SHARE BALANCE SUMMARIES AND INDIVIDUAL SHARE BALANCE SHEETS

The information in this report is provided in three statewide tables, followed by individual balance sheets for each county and for the interregional share. The statewide summary sheets include:

- Summary of STIP Share Balances. This summary table displays the total share amount, the amount programmed, and unprogrammed balance or balance advanced for each county and the interregional share, drawn from the individual share balance sheets.
- Summary of STIP Share Programmed Amounts. This summary table displays the total amounts programmed through June 2016 for each county. The amounts are drawn from the project listings on the individual share balance sheets.
- Summary of STIP Share Total Amounts. This summary table, with reconciliation to the 2015 Report of Share Balances, includes amounts drawn from the top of the individual share balance sheets.

The individual balance sheets are presented in alphabetical order by county (including the separate share for the Tahoe region), followed by the interregional share. Each sheet includes the following:

- Total County Share, June 30, 2015 (from 2015 Report). This amount, carried forward from the 2015 Report of STIP Balances, is the share balance as of June 30, 2015.
- Adjustment for 2013-14 and 2014-15 lapses. This adjustment credits back to county and interregional shares the amount of projects lapsed in 2013-14 and 2014-15.
- Less 2014-15 Allocations and Closed Projects. This is the sum of the 2014-15 allocations that were listed in the 2015 Report of STIP Balances, including Caltrans project support components that were closed without allocation. These allocations and closed project components are dropped from this year's project listing.
- Less Projects Lapsed, July 1, 2015-June 30, 2016. This amount lapsed because projects were not allocated before the end of the fiscal year or by the time of any extension granted. This amount will be added back in the 2018 STIP fund estimate for the share period that begins 2018-19.
- 2016 STIP Fund Estimate Formula Distribution. This is new capacity identified in the 2016 STIP Fund Estimate, distributed by formula.
- Total County Share, June 30, 2016. This is the total share available before deducting currently programmed projects, including projects voted since July 1, 2015.
- Project Listing. This is a listing by project of the amounts currently programmed from the county share, including project allocations made during the 2015-16 fiscal year. The Voted column indicates the month a project was allocated funding or if the project is otherwise closed. The Delivered (Del) column indicates the month a project was delivered, but not allocated. The Extension (Ext) column indicates the month to which a project has received an extension of the deadline for allocation. This column is also used to indicate State-Only-Funds (SOF) and to indicate receipt of SB 184 requests (SB 184 allows for reimbursement of expenditures incurred prior to allocation). The project listing is in three parts, with subtotals for each part and a total for all:
 - Highway Projects. All project programming not eligible for Public Transportation Account (PTA) funding. These projects will be funded from the State Highway Account (SHA) or Federal Funds.
 - Rail and Transit Projects. Rail and transit projects eligible for Public Transportation Account (PTA) funding. With limited availability of PTA funds, these projects should also now be eligible for SHA or federal funds.
 - Bicycle and Pedestrian Projects. With the elimination of the TE program in MAP-21, the new federal transportation act, these projects must be eligible for other federal funds or SHA funds to remain programmed in the STIP.
- Balance of STIP County or Interregional Share. For each county and the interregional share, this is the current unprogrammed share balance or the share balance advanced or overdrawn.
