To: CHAIR AND COMMISSIONERS

CTC Meeting: January 20-21, 2016

Reference No.: 4.23
Action

From: WILL KEMPTON
Executive Director

Subject: ADOPTION OF 2015 ACTIVE TRANSPORTATION PROGRAM (ATP) METROPOLITAN PLANNING ORGANIZATION (MPO) COMPONENT FOR SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS RESOLUTION G-16-06

ISSUE:

Should the Commission adopt the 2015 Active Transportation Program (ATP) Metropolitan Planning Organization (MPO) component for Southern California Association of Governments (SCAG) as recommended by staff?

RECOMMENDATION:

Commission staff recommends that the Commission adopt the 2015 ATP MPO component for SCAG in accordance with the attached resolution and the staff recommendations, noting any specific changes, corrections, or exceptions to staff recommendations. SCAG requested adoption of their ATP MPO component as a separate item from the other eight agencies that participate in the MPO component of the ATP due to their board adoption schedule.

The staff recommendations are based on consistency with the ATP MPO competitive program project selection criteria set forth in the 2015 ATP Guidelines and the following:

- Funding levels identified in the 2015 ATP Fund Estimate;
- Eligibility for the program;
- MPO multidisciplinary advisory group scores; and
- Statutory requirements

In summary, staff recommends that ATP funds of \$76,071,000 be programmed to 49 projects valued at \$125,316,000. This recommendation includes ATP funds totaling \$59,537,000 (78% of \$76,071,000) for 41 projects benefiting disadvantaged communities. Additionally, 30 of the 49 projects are designated as state-only funded. One of SCAG's recommended projects, the City of Santa Ana, Pedestrian and Bicyclist Count Program was determined ineligible and is not recommended for inclusion in the program. SCAG is aware of this determination and will bring a substitute project forward for inclusion in the program at a subsequent Commission meeting.

These recommendations are not authorization to begin work on a project. Contracts may not be awarded and/or work cannot begin until an allocation is approved by the Commission for a project in the adopted program.

BACKGROUND:

Legislation creating and requiring the Commission to adopt the ATP was signed by the Governor on September 26, 2013. The Commission adopted the Fund Estimate and the program guidelines for the 2015 ATP in March 2015. The 2015 ATP includes three years of programming, 2016-17, 2017-18 and 2018-19, with \$359.1 million in funding capacity for the following program components:*

- Statewide (50% or \$179.559 million)
- Small Urban & Rural (10% or \$35.910 million)
- Large MPO (40% or \$143.640 million)

* A minimum 25% (89.775) of all ATP funds must benefit disadvantaged communities.

The Commission adopted the Statewide (50%) and Small Urban & Rural (10%) ATP components on October 20, 2015. Projects not programmed in the statewide competitive component were distributed to large MPOs based on location.

The nine large urban MPOs comprising the ATP MPO component were authorized to defer project selection to the Commission or administer a supplemental specific call for projects. MPOs electing to administer a supplemental call for projects were required to include projects not selected through the statewide ATP competitive component in their programming decisions. Five of the nine MPOs chose to conduct a supplemental call for projects.

MPOs were provided the option to apply the statewide competitive project selection criteria or propose different project selection criteria if approved by the Commission. The Commission approved amendments to the 2015 ATP guidelines allowing different project selection criteria for the following MPOs: Metropolitan Transportation Commission (MTC), Sacramento Area Council of Governments (SACOG), San Diego Association of Governments (SANDAG), Southern California Association of Governments (SCAG), Fresno Council of Governments (FCOG), and Tulare County Association of Governments (TCAG). The Kern Council of Governments (KernCOG), Southern California Association of Governments (SCAG), San Joaquin Council of Governments (SJCOG) and Stanislaus Council of Governments (StanCOG) did not propose amendments to the 2015 ATP guidelines.

Commission staff reviewed MPO program submittals for consistency with the ATP guidelines and overall project eligibility. MPO program recommendations were supported by an explanation of the project selection methodology applied and a list of the multidisciplinary advisory group members that assisted in project evaluations. Most of the MPOs provided project contingency lists adopted in the event of project delivery failure. To be eligible for ATP funds, upon MPO notification of project delivery failure, the Commission must first approve an amendment to delete the programmed project

and add a project identified on the contingency list into the MPO program. Projects identified on an MPO adopted contingency list are valid for consideration by the Commission only until adoption of the subsequent cycle's Statewide and Small Urban & Rural components.

The following tables summarize SCAG's proposed programming recommendations:

Overall Programming Recommendation (Amounts in \$1000s)							
MPO	Projects	16-17	17-18	18-19	Total	Fund Est Target	Under (Over) Target
SCAG	49	17,657	42,229	16,185	76,071	76,296	--

Total	41	59,537	19,074	(40,463)

FUND ESTIMATE AND GUIDELINES FOR THE 2015 ATP

The development of the 2015 ATP began with the Commission's adoption of the 2015 ATP Fund Estimate and the ATP Guidelines on March 26, 2015.

2015 ATP Fund Estimate

The 2015 ATP Fund Estimate covered the four-year period of the 2015 ATP, 2015-16 to 2018-19, with an estimated total new programming capacity of \$359.1 million. This capacity includes three years (2016-17, 2017-18, and 2018-19) of estimated state and federal funds. Fifty percent of the total (\$179.55) is set aside for the Statewide competitive component, ten percent (\$35.91) is set aside for the Small Urban & Rural competitive component, and forty percent (\$143.64) is set aside for the large MPO competitive component.

SUMMARY OF 2015 ATP CAPACITY

(\$ in millions)

	New Capacity
State Highway Account	\$102,600
Federal Transportation Alternative Program (TAP)	190,950
Federal TAP Recreational Trails	5,700
Other Federal	59,850
Total (may not match Fund Estimate due to rounding)	\$ 359,100

ATP Guidelines
Policies and Procedures Specific to the 2015 ATP

The following specific policies and procedures address the particular circumstances of the 2015 ATP:

Schedule. The following schedule lists the major milestones for the development and adoption of the 2015 ATP:

Commission adopts Fund Estimate	March 26, 2015
Commission adopts ATP Guidelines	March 26, 2015
Call for projects	March 26, 2015
Applications due to Caltrans	June 1, 2015
Commission Approves/Rejects MPO Optional Guidelines	June 25, 2015
CTC Staff recommendations for Statewide and Small Urban and Rural Components	September 15, 2015
Commission adopts Statewide and Small Urban and Rural Components	October 21, 2015
MPO programming recommendations to CTC	November 16, 2015
Commission adopts MPO selected projects --SCAG	January 20-21, 2015

ATTACHMENTS TO 2015 ATP MPO STAFF RECOMMENDATIONS

- **MPO Component Staff Recommendation (SCAG)**
- **MPO Submittal**
 - Southern California Association of Governments

2015 Active Transportation Program - MPO Component - Southern California Association of Governments

**CALIFORNIA TRANSPORTATION COMMISSION
Adoption of the 2015 Active Transportation Program
Metropolitan Planning Organization Component -- SCAG**

Resolution No. G-16-06

- 2.1 WHEREAS Streets and Highways Code Section 2384 requires the California Transportation Commission to adopt a program of projects to receive allocations under the Active Transportation Program (ATP), and
- 2.2 WHEREAS pursuant to Section 2384, the 2015 ATP is a four-year program covering program years 2015-16, 2016-17, 2017-18, and 2018-19, and
- 2.3 WHEREAS pursuant to Section 2381, the program will be funded by state and federal funds from appropriations in the annual budget, as estimated in the ATP Fund Estimate adopted by the Commission on March 26, 2015, and
- 2.4 WHEREAS pursuant to Section 2382, the Commission adopted ATP guidelines, to be applicable to the 2015 ATP development process on March 26, 2015, and adopted Metropolitan Planning Organization (MPO) amended guidelines on May 28, 2015, and June 25, 2015, and
- 2.5 WHEREAS the 2015 ATP Fund Estimate provided \$359.100 million in ATP programming capacity to be apportioned to Statewide (50%), Small Urban & Rural (10%) and MPO (40%) components, and
- 2.6 WHEREAS pursuant to Section 2382(c), no less than 25% of overall program funds will benefit disadvantaged communities during each program cycle, and
- 2.7 WHEREAS the total amount programmed in each fiscal year may not exceed the amount specified in the adopted Fund Estimate, and
- 2.8 WHEREAS the Commission adopted the 2015 ATP, Statewide and Small Urban & Rural components on October 21, 2015 consisting of 114 projects totaling \$215,447,000 of ATP funds, and
- 2.9 WHEREAS the Southern California Association of Governments (SCAG) requested their program recommendations be adopted as a separate item from the other MPOs due to their board adoption schedule;
- 2.10 WHEREAS the City of Santa Ana, *Pedestrian and Bicyclist Count Program* project has been determined to be ineligible for the ATP and will not be included in staff recommendations for SCAG's 2015 ATP MPO component, and
- 2.11 WHEREAS the staff recommendations conform to the Fund Estimate and other requirements of statute for the ATP.
- 2.12 NOW THEREFORE BE IT RESOLVED that the California Transportation Commission hereby adopts the 2015 ATP MPO component - SCAG, to include the program described in the staff recommendations, including the attachments to this resolution, and

- 2.13 BE IT FURTHER RESOLVED that having a project included in the adopted 2015 ATP MPO component is not authorization to begin work on that project. Contracts may not be awarded and/or work cannot begin until an allocation is approved by the Commission for a project in the adopted program, and
- 2.14 BE IT FURTHER RESOLVED that the MPO contingency lists are not recommended for programming and are included for information only, and
- 2.15 BE IT FURTHER RESOLVED that if available funding is less than assumed in the Fund Estimate, the Commission may be forced to delay or restrict allocations using interim allocation plans, or, if available funding proves to be greater than assumed, it may be possible to allocate funding to some projects earlier than the year programmed, and
- 2.16 BE IT FURTHER RESOLVED that Commission staff, in consultation with the Department and regional agencies, is authorized to make further technical changes in cost, schedules, and descriptions for projects in the 2015 ATP MPO component, consistent with the Fund Estimate, in order to reflect the most current information, or to clarify the Commission's programming commitments, with report of any substantive changes back to the Commission for approval at the March 16-17, 2016 meeting.

Dear Mr. Kempton,

A handwritten signature in black ink that reads "Will".

The Southern California Association of Governments (SCAG) is pleased to submit to you the SCAG Active Transportation Program (ATP) Regional Project List for consideration and approval by the California Transportation Commission (CTC) during the January 20, 2016 meeting.

The recommended program of projects meets the requirements established by state law, and in the 2015 California Active Transportation Program Guidelines. The projects were selected in collaboration with the six Southern California County Transportation Commissions, Caltrans and the CTC using the process outlined in SCAG's 2015 Active Transportation Program Regional Guidelines, which were approved by the CTC on June 25, 2015. Key elements of the selection process included:

- Projects not selected from the statewide competition were considered for funding in the regional program. SCAG did not issue a separate Call for Projects or supplemental application.
- Initial project scoring was completed as part of the statewide competition managed by CTC staff.
- Each county had the ability to modify preliminary scores by adding up to 10 points to projects that were determined by the Boards of the respective County Transportation Commissions to be consistent with local and regional plans.
- The project list was approved by the Boards of each of the County Transportation Commissions and SCAG.

Attached is the SCAG Regional Council Report approving the 2015 Regional Active Transportation Program: Recommended Project List and Contingency List.

I want to thank you and your staff for your collaboration on the development of the 2015 ATP Regional Project List. The ATP is a critical resource for improving mobility in our region and meeting the goals of our Regional Transportation Plan/Sustainable Communities. We look forward to continuing to work with you to enhance the program over time to meet the tremendous need in our region.

The Regional Council consists of 86 elected officials representing 191 cities, six counties, six County Transportation Commissions, one representative from the Transportation Corridor Agencies, one Tribal Government representative and one representative for the Air Districts within Southern California.

If you have any questions pertaining to this letter, please contact Stephen Patchan of my staff at (213) 236-1923 or by email at Patchan@scag.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Hasan Ikhata". The signature is fluid and cursive, with a large loop at the end.

Hasan Ikhata, Executive Director
Southern California Association of Governments

DATE: January 7, 2016

TO: Executive/Administration Committee (EAC)

FROM: Huasha Liu, Director, Land Use and Environmental Planning; 213-236-1838,
liu@scag.ca.gov

SUBJECT: 2015 Regional Active Transportation Program: Recommended Project List

EXECUTIVE DIRECTOR'S APPROVAL: 

RECOMMENDED ACTION:

Recommend that the EAC, acting on behalf of the Regional Council in accordance with Article VC.(3)(a) of SCAG's Bylaws, approve the 2015 Regional Active Transportation Program, including the recommended project list and contingency project list.

EXECUTIVE SUMMARY:

Per the California Transportation Commissions (CTC) adopted Active Transportation Program Guidelines and SCAG's adopted Southern California Active Transportation Program Project Selection Process, SCAG and the County Transportation Commissions have collaborated to develop a recommended list of projects to be funded under the Regional Program of the 2015 Active Transportation Program (ATP). The Regional Program includes 50 projects recommended for awards totaling \$76.296 million. Upon approval by SCAG, the Regional Program will be submitted to the CTC and programmed into the ATP during January 20, 2016 CTC meeting. The staff recommendations for the Regional Program were submitted at the November 2015 Regional Council and policy committees for board member review, and subsequently were approved by all of the county transportation commissions.

STRATEGIC PLAN:

This item supports SCAG Strategic Plan, Goal 2 Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities, Objective 1 Identify new infrastructure funding opportunities with State, Federal and private partners, of the Strategic Plan.

BACKGROUND:

SCAG is required by federal and state law to recommend to the CTC a regional program of projects to be funded through the ATP. The Regional Program must meet the requirements of California Active Transportation Program Guidelines, which describe the policy standards, criteria, and procedures for implementing Senate Bill 99, Assembly Bill 101 and the federal MAP 21 Transportation Alternatives program. SCAG collaborated with the county transportation commissions to develop the recommended Regional Program.

The Southern California Regional ATP is a component of a broader statewide active transportation funding program that includes three components: a Statewide competition, Small Urban and Rural competition, and MPO competitions (like SCAG's recommended Regional Program). A total of \$360 million will be awarded statewide in FY '16 through FY '19 as a result of all three components. \$76.296 million of the \$360 million program budget is set aside for the Southern California Regional Program. Selection of the Regional Program is preceded by the announcement of awards from the

REPORT

Statewide competition, on October 21, 2015. All project proposals within the SCAG region that were not selected in the Statewide competition were considered for funding in the Regional Program. SCAG did not host a separate Call for Projects.

Project Selection Process & Recommended Project List

Per the adopted *2015 Active Transportation Program: Regional Guidelines*, the Regional Program includes two funding categories: Implementation Projects and Planning Projects. Ninety-seven percent (\$74 million) of the total Regional Program budget is recommended to fund 42 Implementation Projects. Implementation Projects were selected to ensure each county had the opportunity to receive its population-based share of available funding in the Implementation category. The Implementation Projects were first ranked by county using the scores received as part of the Caltrans review process for the statewide competition, and then supplemented by the respective county transportation commission by up to 10 points (on a 110 point scale). The resulting ranked lists in each county provided the basis for the selection of Implementation Projects. Three percent (\$1.9 million) of the total Regional Program budget is being recommended to fund eight planning projects. These projects were ranked and selected based on the scores received as part of the Caltrans review process for the statewide competition.

The recommended project list meets all requirements established by the state, including exceeding the 25% target for investment in disadvantaged communities (the SCAG region awarded approximately 83% of funding to disadvantaged communities), funding a broad spectrum of projects, and considering geographic equity. In addition to selecting projects for inclusion in the Regional Program, SCAG is also authorized to recommend a Contingency List (attached) of projects to be funded should an awarded project fail to move forward.

Next Steps

Upon approval by SCAG, the Regional Program will be submitted to the CTC and programmed into the ATP during January 20, 2016 CTC meeting. SCAG, staff in collaboration with the county transportation commissions, will work with CTC staff to identify which projects should be funded with state-only funds. The remainder of the projects will be funded with federal dollars. Successful project sponsors will be notified by SCAG of their award and receive further direction on program requirements and funding allocation. SCAG will work in partnership with Caltrans, CTC and county transportation commissions to support project sponsors, track project delivery, and recommend modifications to the Regional Program, if needed. The County Transportation Commissions will continue to play a leading role in programming activities for the implementation projects within each county, while SCAG will provide support for all awarded planning projects region wide. A contact list including lead ATP staff at SCAG, Caltrans Districts, and the County Transportation Commissions is attached and will be posted on SCAG's website, in addition to other information for successful project sponsors.

FISCAL IMPACT:

Funding is included in SCAG's FY 2015-16 Overall Work Program (OWP) Budget. Staff's work budget for the current fiscal year is included in FY 2015-16 OWP 050-SCG00169.01.

January 7, 2016

Dear Mr. Kempton,

A handwritten signature in black ink that reads "Will". The signature is written over the printed name "Will Kempton" and extends slightly to the right.

The Southern California Association of Governments (SCAG) is pleased to submit to you the SCAG Active Transportation Program (ATP) Regional Project List for consideration and approval by the California Transportation Commission (CTC) during the January 20, 2016 meeting.

The recommended program of projects meets the requirements established by state law, and in the 2015 California Active Transportation Program Guidelines. The projects were selected in collaboration with the six Southern California County Transportation Commissions, Caltrans and the CTC using the process outlined in SCAG's 2015 Active Transportation Program Regional Guidelines, which were approved by the CTC on June 25, 2015. Key elements of the selection process included:

- Projects not selected from the statewide competition were considered for funding in the regional program. SCAG did not issue a separate Call for Projects or supplemental application.
- Initial project scoring was completed as part of the statewide competition managed by CTC staff.
- Each county had the ability to modify preliminary scores by adding up to 10 points to projects that were determined by the Boards of the respective County Transportation Commissions to be consistent with local and regional plans.
- The project list was approved by the Boards of each of the County Transportation Commissions and SCAG.

Attached is the SCAG Regional Council Report approving the 2015 Regional Active Transportation Program: Recommended Project List and Contingency List.

I want to thank you and your staff for your collaboration on the development of the 2015 ATP Regional Project List. The ATP is a critical resource for improving mobility in our region and meeting the goals of our Regional Transportation Plan/Sustainable Communities. We look forward to continuing to work with you to enhance the program over time to meet the tremendous need in our region.

The Regional Council consists of 86 elected officials representing 191 cities, six counties, six County Transportation Commissions, one representative from the Transportation Corridor Agencies, one Tribal Government representative and one representative for the Air Districts within Southern California.

If you have any questions pertaining to this letter, please contact Stephen Patchan of my staff at (213) 236-1923 or by email at Patchan@scag.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Hasan Ikhata". The signature is fluid and cursive, with a large initial "H" and a long, sweeping underline.

Hasan Ikhata, Executive Director
Southern California Association of Governments

DATE: January 7, 2016

TO: Executive/Administration Committee (EAC)

FROM: Huasha Liu, Director, Land Use and Environmental Planning; 213-236-1838,
liu@scag.ca.gov

SUBJECT: 2015 Regional Active Transportation Program: Recommended Project List

EXECUTIVE DIRECTOR'S APPROVAL: 

RECOMMENDED ACTION:

Recommend that the EAC, acting on behalf of the Regional Council in accordance with Article VC.(3)(a) of SCAG's Bylaws, approve the 2015 Regional Active Transportation Program, including the recommended project list and contingency project list.

EXECUTIVE SUMMARY:

Per the California Transportation Commissions (CTC) adopted Active Transportation Program Guidelines and SCAG's adopted Southern California Active Transportation Program Project Selection Process, SCAG and the County Transportation Commissions have collaborated to develop a recommended list of projects to be funded under the Regional Program of the 2015 Active Transportation Program (ATP). The Regional Program includes 50 projects recommended for awards totaling \$76.296 million. Upon approval by SCAG, the Regional Program will be submitted to the CTC and programmed into the ATP during January 20, 2016 CTC meeting. The staff recommendations for the Regional Program were submitted at the November 2015 Regional Council and policy committees for board member review, and subsequently were approved by all of the county transportation commissions.

STRATEGIC PLAN:

This item supports SCAG Strategic Plan, Goal 2 Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities, Objective 1 Identify new infrastructure funding opportunities with State, Federal and private partners, of the Strategic Plan.

BACKGROUND:

SCAG is required by federal and state law to recommend to the CTC a regional program of projects to be funded through the ATP. The Regional Program must meet the requirements of California Active Transportation Program Guidelines, which describe the policy standards, criteria, and procedures for implementing Senate Bill 99, Assembly Bill 101 and the federal MAP 21 Transportation Alternatives program. SCAG collaborated with the county transportation commissions to develop the recommended Regional Program.

The Southern California Regional ATP is a component of a broader statewide active transportation funding program that includes three components: a Statewide competition, Small Urban and Rural competition, and MPO competitions (like SCAG's recommended Regional Program). A total of \$360 million will be awarded statewide in FY '16 through FY '19 as a result of all three components. \$76.296 million of the \$360 million program budget is set aside for the Southern California Regional Program. Selection of the Regional Program is preceded by the announcement of awards from the

REPORT

Statewide competition, on October 21, 2015. All project proposals within the SCAG region that were not selected in the Statewide competition were considered for funding in the Regional Program. SCAG did not host a separate Call for Projects.

Project Selection Process & Recommended Project List

Per the adopted *2015 Active Transportation Program: Regional Guidelines*, the Regional Program includes two funding categories: Implementation Projects and Planning Projects. Ninety-seven percent (\$74 million) of the total Regional Program budget is recommended to fund 42 Implementation Projects. Implementation Projects were selected to ensure each county had the opportunity to receive its population-based share of available funding in the Implementation category. The Implementation Projects were first ranked by county using the scores received as part of the Caltrans review process for the statewide competition, and then supplemented by the respective county transportation commission by up to 10 points (on a 110 point scale). The resulting ranked lists in each county provided the basis for the selection of Implementation Projects. Three percent (\$1.9 million) of the total Regional Program budget is being recommended to fund eight planning projects. These projects were ranked and selected based on the scores received as part of the Caltrans review process for the statewide competition.

The recommended project list meets all requirements established by the state, including exceeding the 25% target for investment in disadvantaged communities (the SCAG region awarded approximately 83% of funding to disadvantaged communities), funding a broad spectrum of projects, and considering geographic equity. In addition to selecting projects for inclusion in the Regional Program, SCAG is also authorized to recommend a Contingency List (attached) of projects to be funded should an awarded project fail to move forward.

Next Steps

Upon approval by SCAG, the Regional Program will be submitted to the CTC and programmed into the ATP during January 20, 2016 CTC meeting. SCAG, staff in collaboration with the county transportation commissions, will work with CTC staff to identify which projects should be funded with state-only funds. The remainder of the projects will be funded with federal dollars. Successful project sponsors will be notified by SCAG of their award and receive further direction on program requirements and funding allocation. SCAG will work in partnership with Caltrans, CTC and county transportation commissions to support project sponsors, track project delivery, and recommend modifications to the Regional Program, if needed. The County Transportation Commissions will continue to play a leading role in programming activities for the implementation projects within each county, while SCAG will provide support for all awarded planning projects region wide. A contact list including lead ATP staff at SCAG, Caltrans Districts, and the County Transportation Commissions is attached and will be posted on SCAG's website, in addition to other information for successful project sponsors.

FISCAL IMPACT:

Funding is included in SCAG's FY 2015-16 Overall Work Program (OWP) Budget. Staff's work budget for the current fiscal year is included in FY 2015-16 OWP 050-SCG00169.01.
