California Transportation Commission
Briefing: Impacts of COVID-19
April 17, 2020
Trucking Delivers

- Trucking designated as “Essential Critical Infrastructure Sector by State and Federal” governments

- Truckers hauling essential supplies such as food, paper products, PPE, medical equipment, sanitation supplies

- CTA has worked extensively with State to ensure smooth movement of goods
  - Impacts to licensing, registration, food availability, parking, etc.
  - Local enforcement of stay-at-home orders & “slow streets” initiatives

- Working to connect trucking companies with mask, sanitation supply vendors
Had to make a quick run down the interstate today, and instead of asking truck drivers to blow their horns, my kids decided to just say thanks with this sign out the window. #ThankATrucker #DeliveryDrivesAmerica bit.ly/2WxGHmG
Economic Slowdown Hits Freight

Flatbed Load-to-Truck Ratio

National Load-to-Truck Ratio
