

MEMORANDUM

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: October 12-13, 2022

From: STEVEN KECK, Chief Financial Officer

Reference Number: 3.14, Information Item

Prepared By: James R. Anderson, Chief
Division of Financial Programming

Subject: **FINAL CLOSE-OUT REPORT FOR FISCAL YEAR 2021-22 SHOPP
MINOR PROGRAM ALLOCATION**

SUMMARY:

In Fiscal Year 2021-22, the California Transportation Commission (Commission) approved the State Highway Operations and Protection Program (SHOPP) Minor Program target allocation of \$152,471,000 for Capital Outlay Construction (CO).

At the end of 2021-22, the total CO amount allotted by the California Department of Transportation (Department) was \$136,743,356. The total Capital Outlay Support expended was \$108,622,163 for a total program value of \$245,365,519, which equates to approximately 98 percent of the available \$250,000,000 2021-22 Minor Program funding.

BACKGROUND:

The Minor Program is a one-year program for low-cost capital projects that are SHOPP eligible. Minor projects must be awarded in the FY in which they were allocated. Effective January 26, 2022, Minor B projects have a construction limit up to \$388,000, and Minor A projects have a construction limit ranging from \$388,001 up to \$1,250,000.

Under Resolution G-19-05a, the Commission delegates to the Department the sub-allocation and adjustment authority for projects that were approved under Resolution FM-20-06. Resolution G-19-05a, also allows the Department to sub-allocate funding and advertise projects without waiting for a Commission meeting to receive an allocation. However, Commission review is required for Minor A projects not previously identified in the Department's approved list. SHOPP Minor Projects must be consistent with the Transportation Asset Management Plan.

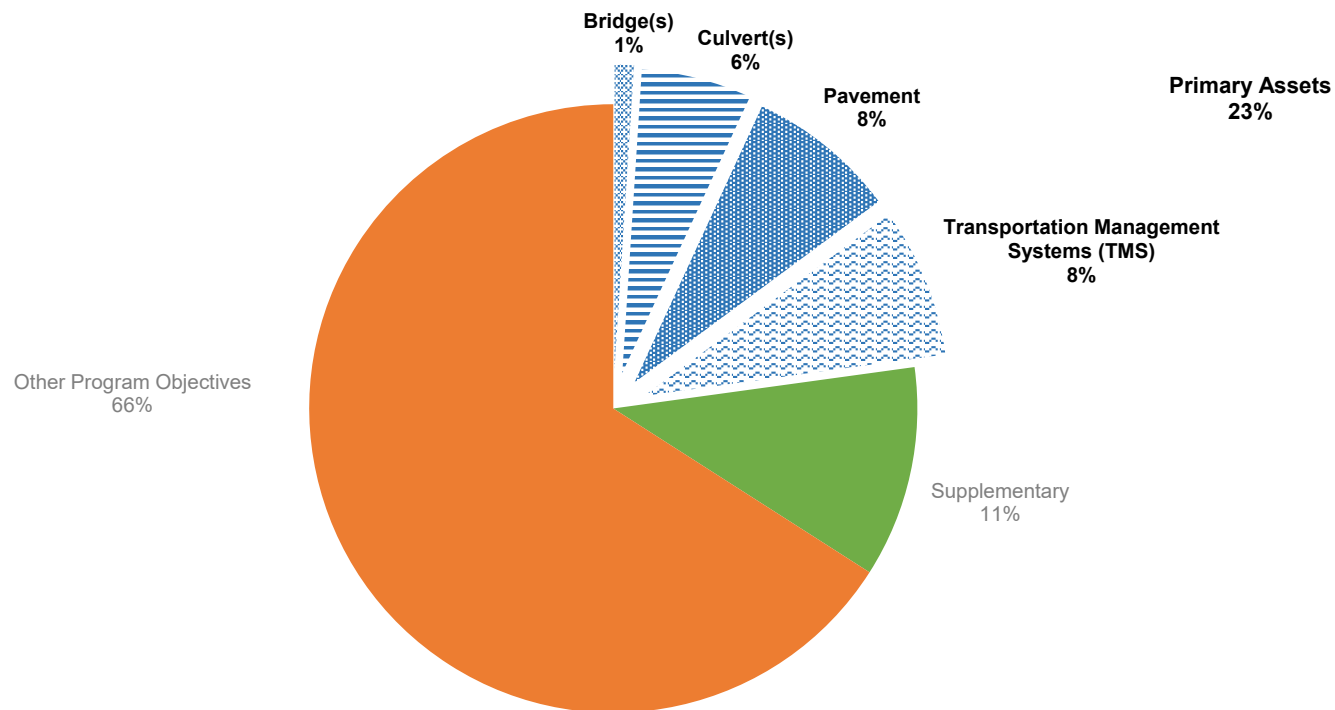

*"Provide a safe and reliable transportation network that
serves all people and respects the environment."*

For 2021-22, the Department awarded contracts totaling \$49,756,400 in construction funding for Minor A projects; of the \$49,756,400, the Department sub-allocated \$43,457,700 and the Commission allocated \$6,298,700 for substitute projects. In addition, the Department awarded \$85,829,063 for Minor B construction projects, and expended \$559,153 for Right of Way capital and \$598,740 for Day Labor acquisitions. In total, \$136,743,356 was allotted, which constitutes 90 percent of the 2021-22 approved CO allocation.
