

MEMORANDUM

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: March 22-23, 2023

From: STEVEN KECK, Chief Financial Officer

Reference Number: 3.1, Information Item

Prepared By: James R. Anderson, Chief
Division of Financial Programming

Subject: **UPDATE ON THE MINOR B PROJECT LIST UNDER THE 2022-23 STATE HIGHWAY OPERATION AND PROTECTION PROGRAM MINOR CONSTRUCTION PROGRAM**

SUMMARY:

The California Transportation Commission (Commission) approved Resolution G-19-05a which authorizes the California Department of Transportation (Department) to sub-allocate funds for State Highway Operation and Protection Program (SHOPP) Minor B projects. At its June 2022 meeting, the Commission approved the funding and project listing for the 2022-23 Minor Construction Program under Resolution FM-21-03.

In accordance with approval of the SHOPP Minor Construction Program, the Department has the authority to modify the Minor B project list, with the understanding that these actions will be reported to the Commission at the next scheduled Commission meeting. The Department uses prudent business practices to manage the combination of individual project cost increases and savings to meet Commission policies.

At the January 2023 meeting, the Commission approved an update to the Minor B project list. However, since the January 2023 meeting, the Department has added 78 projects and removed 13 projects from the approved Minor B project list.

Therefore, the Department is presenting this update to the Minor B project list, as an information item to the Commission.

“Provide a safe and reliable transportation network that serves all people and respects the environment.”

BACKGROUND:

The delegated authority under Resolution G-19-05a allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

The Minor B project limit is established to be consistent with the lower limit of the State Contract Act. The State Contract Act is reviewed each even numbered year by the Department of Finance and adjusted to be consistent with change in the annual California Construction Index. Effective January 1, 2022, Minor B projects have a construction limit up to \$388,000.

Attachment

“Provide a safe and reliable transportation network that serves all people and respects the environment.”

Update to the 2022-23 Minor B Program
