

## MEMORANDUM

To: CHAIR AND COMMISSIONERS  
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: October 16-17, 2025

From: STEVEN KECK, Chief Financial Officer

Reference Number: 3.15, Information Item

Prepared By: James R. Anderson, Chief  
Division of Financial Programming

Subject: **FINAL CLOSE-OUT REPORT FOR FISCAL YEAR 2024-25 SHOPP -  
MINOR PROGRAM ALLOCATION**

### **SUMMARY:**

In Fiscal Year 2024-25, the California Transportation Commission (Commission) approved the State Highway Operations and Protection Program (SHOPP) Minor Program target allocation of \$149,786,000 for construction capital.

At the end of 2024-25, the total construction capital amount allotted by the California Department of Transportation (Department) was \$137,650,000. The total support expended was \$109,562,000 for a total program value of \$247,212,000, which equates to approximately 99 percent of the available \$250,000,000 2024-25 SHOPP Minor Program funding.

### **BACKGROUND:**

The SHOPP Minor Program is a one-year program for low-cost capital projects that are SHOPP eligible. Minor projects must be awarded in the Fiscal Year in which they were allocated. Effective February 1, 2024, Minor B projects have a construction limit up to \$461,000, and Minor A projects have a construction limit ranging from \$461,001 up to \$1,250,000.

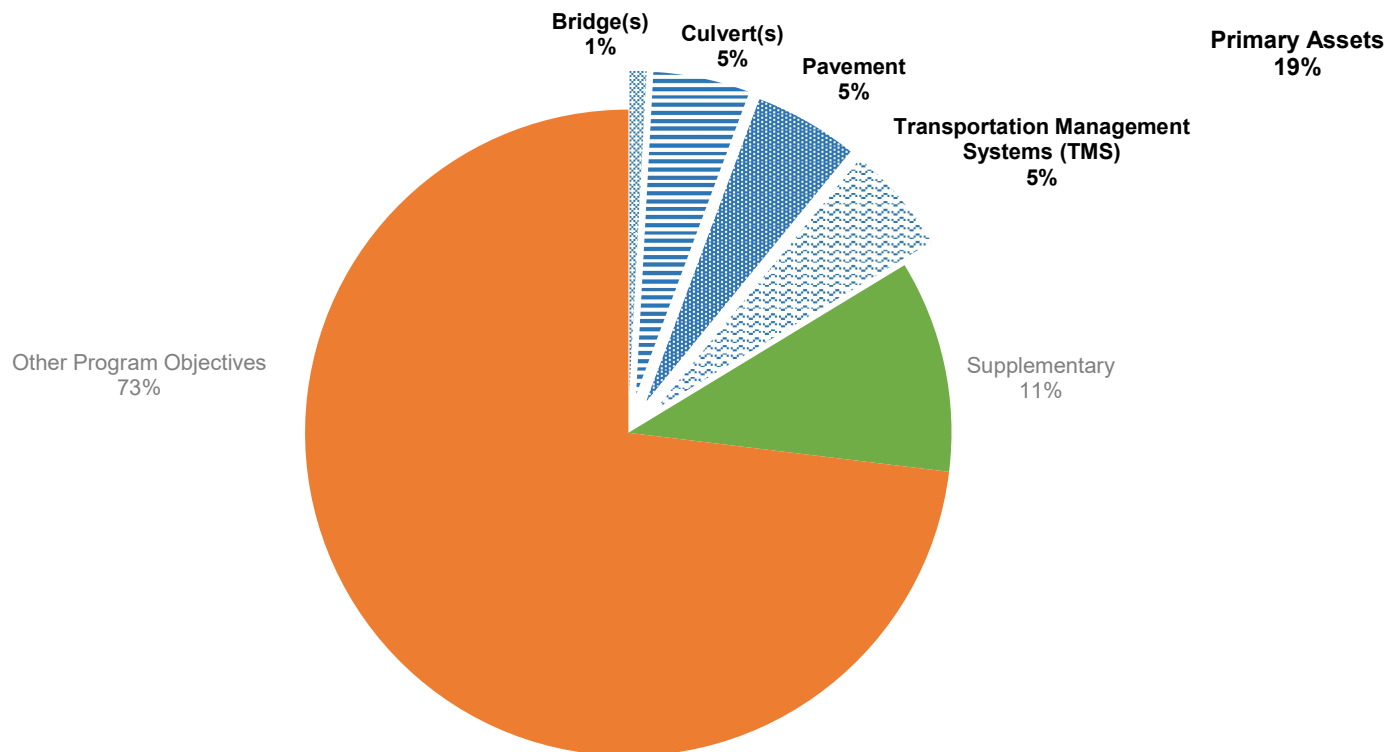

Under Resolution G-19-05a, the Commission delegates to the Department the sub-allocation and adjustment authority for projects that were approved under Resolution FM-23-06. Resolution G-19-05a, also allows the Department to sub-allocate funding and advertise projects without waiting for a Commission meeting to receive an allocation. However, Commission review is required for Minor A projects not previously identified in the Department's approved list. SHOPP Minor Projects must be consistent with the Transportation Asset Management Plan.

For 2024-25, the Department awarded contracts totaling \$27,527,000 in construction funding for Minor A projects; of the \$27,527,000, the Department sub-allocated \$20,111,000 and the Commission allocated \$7,416,000 for substitute projects. In addition, the Department awarded \$108,364,000 for Minor B construction projects and expended \$1,299,000 for right of way capital and \$460,000 for day labor acquisitions. In total, \$137,650,000 was allotted, which constitutes 92 percent of the 2024-25 approved construction capital allocation.
