

## **MEMORANDUM**

**To:** CHAIR AND COMMISSIONERS  
CALIFORNIA TRANSPORTATION COMMISSION

**CTC Meeting:** October 16-17, 2025

**From:** STEVEN KECK, Chief Financial Officer

**Reference Number:** 2.3c., Action Item

**Prepared By:** Eric Souza, Chief  
Division of Design

**Subject:** **RELINQUISHMENT RESOLUTIONS**

### **ISSUE:**

Should the California Transportation Commission (Commission) approve the California Department of Transportation's (Department) request for relinquishment resolutions that will transfer highway facilities no longer needed for the State Highway System to the local agencies identified in the summary?

### **RECOMMENDATION:**

The Department recommends that the Commission approve the relinquishment resolutions, summarized below, that will transfer highway facilities no longer needed for the State Highway System to the local agencies identified in the summaries. It has been determined by the Department that each facility in the specific relinquishment resolution summarized below may be disposed of by relinquishment. Upon the recording of the approved relinquishment resolution in the county where the facilities are located, all rights, title, and interest of the State in and to the facilities to be relinquished will be transferred to the local agency identified in the summary. The facilities are safe and drivable. The local authority has been advised of the pending relinquishment a minimum of 90 days before the Commission meeting pursuant to Section 73 of the Streets and Highways Code. Any exceptions or unusual circumstances are described in the individual summary.
