Subject: Approval of Two 2024 Solutions for Congested Corridors Program Baseline Agreements, Resolution SCCP-P-2526-03B

Recommendation:

Staff recommends the California Transportation Commission (Commission) approve two 2024 Solutions for Congested Corridors Program Baseline Agreements submitted in accordance with the Commission's Senate Bill (SB) 1 Accountability and Transparency Guidelines and establish these agreements as the basis for project delivery and monitoring.

PPNO	COUNTY	IMPLEMENTING AGENCY	PROJECT TITLE <i>(With embedded link to agreement)</i>
2364Q	San Francisco	City and County of San Francisco	SFMTA Train Control Upgrade Project (TCUP) - Phase 1
SB159	Various	Southern California Regional Rail Authority	Metrolink Sustainable Locomotives Project

Issue:

The implementing agencies request the Commission approve the Baseline Agreements for these projects, which were programmed as part of the 2024 Solutions for Congested Corridors Program.

These Baseline Agreements were submitted in accordance with the Commission's SB 1 Accountability and Transparency Guidelines. Approval of these Baseline Agreements will establish the basis for project delivery and monitoring.

Commission staff has reviewed these Baseline Agreements and determined that the expected benefits, project scope, delivery schedule, project cost, and funding plan are consistent with the projects approved by the Commission.

Background:

The Commission adopted the SB 1 Accountability and Transparency Guidelines on May 15, 2025. The Guidelines direct agencies to provide executed Baseline Agreements that set forth the agreed-upon expected benefits, delivery schedule, project cost, and funding plan. The Baseline Agreement provides a benchmark for comparison to the current status of a project for subsequent reporting purposes. The Baseline Agreement must be signed by the Caltrans Director and District Director, the Commission's Executive Director, the project applicant, and the implementing agency.
