CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: March 19-20, 2026

Subject: **UPDATE ON THE MINOR B PROJECT LIST UNDER THE 2025-26 STATE HIGHWAY OPERATION AND PROTECTION PROGRAM - MINOR CONSTRUCTION PROGRAM**

SUMMARY:

The California Transportation Commission (Commission) approved Resolution G-19-05a which authorizes the California Department of Transportation (Department) to sub-allocate funds for State Highway Operation and Protection Program (SHOPP) Minor B projects. At its June 2025 meeting, the Commission approved the funding and project listing for the 2025-26 SHOPP Minor Construction Program under Resolution FM-24-04.

In accordance with approval of the SHOPP Minor Construction Program, the Department has the authority to modify the SHOPP Minor B project list, with the understanding that these actions will be reported to the Commission at the next scheduled Commission meeting. The Department uses prudent business practices to manage the combination of individual project cost increases and savings to meet Commission policies.

At the January 2026 meeting, the Department presented the 2025-26 Minor B project list to the Commission. Since the January 2026 meeting, the Department has added 13 projects and removed 12 projects from the approved SHOPP Minor B project list.

Therefore, the Department is presenting this update to the SHOPP Minor B project list, as an information item to the Commission.

BACKGROUND:

The delegated authority under Resolution G-19-05a allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

The Minor B project limit is established to be consistent with the lower limit of the State Contract Act. The State Contract Act is reviewed each even numbered year by the Department of Finance and adjusted to be consistent with change in the annual California Construction Index. Effective February 1, 2024, Minor B projects have a construction limit up to \$461,000.
