## **Issue:**

The implementing agency requests the Commission approve the Baseline Agreement for this project, which was programmed as part of the 2024 Solutions for Congested Corridors Program.

This Baseline Agreement was submitted in accordance with the Commission's SB 1 Accountability and Transparency Guidelines. Approval of this Baseline Agreement will establish the basis for project delivery and monitoring.

Commission staff reviewed this Baseline Agreement and determined that the expected benefits, project scope, delivery schedule, project cost, and funding plan are consistent with the project approved by the Commission.

**Background:**

The Commission adopted the SB 1 Accountability and Transparency Guidelines on May 15, 2025. The Guidelines direct agencies to provide executed Baseline Agreements that set forth the agreed-upon expected benefits, delivery schedule, project cost, and funding plan. The Baseline Agreement provides a benchmark for comparison to the current status of a project for subsequent reporting purposes. The Baseline Agreement must be signed by the Caltrans Director and District Director, the Commission's Executive Director, the project applicant, and the implementing agency.
