Subject: Approval of the SRTS Center City Schools Neighborhood Safety & Climate Resilience Project Baseline Agreement, ATP-P-2526-15B

Recommendation:

Staff recommends that the California Transportation Commission (Commission) approve the following Active Transportation Program Baseline Agreement, submitted in accordance with the Commission's Senate Bill (SB) 1 Accountability and Transparency Guidelines, to establish the agreement as the basis for project delivery and monitoring:

PPNO	County	Implementing Agency	Project Title (with embedded link to agreement)
6160	Los Angeles	City of Los Angeles	Safe Routes to School Center City Schools Neighborhood Safety & Climate Resilience Project

Issue:

The City of Los Angeles requests that the Commission approve the Baseline Agreement for the above-listed project programmed in the 2023 Active Transportation Program Metropolitan Planning Organization Component to establish the basis for project delivery and monitoring. The agency submitted the Baseline Agreement in accordance with the Commission's SB 1 Accountability and Transparency Guidelines. Commission staff have reviewed the Baseline Agreement and determined that the expected benefits, delivery schedule, costs, and funding plan are consistent with the project approved by the Commission.

Background:

The Commission adopted the SB 1 Accountability and Transparency Guidelines on May 15, 2025. The Guidelines direct agencies to provide executed Baseline Agreements that set forth the agreed-upon expected benefits, delivery schedule, project cost, and funding plan.

The Baseline Agreement provides a benchmark for comparison to the status of a project for subsequent reporting purposes. The Baseline Agreement must be signed by the California Department of Transportation Director and District Director, the Commission's Executive Director, the project applicant, and the implementing agency.
