

MEMORANDUM

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: August 20-21, 2026

From: STEVEN KECK, Chief Financial Officer

Reference Number: 4.30, Information Item

Prepared By: Jeffrey Wyly, Chief (Acting)
Division of Mass Transportation

Subject: **TRANSIT AND INTERCITY RAIL CAPITAL PROGRAM –
PROGRAM UPDATE**

SUMMARY:

The California Department of Transportation is presenting to the California Transportation Commission the Program Update for the California State Transportation Agency's Transit and Intercity Rail Capital Program (TIRCP). This update includes the list of awarded projects, separated by components, with allocations and programming projections from award years 2016, 2018, 2020, 2022, 2023, 2024, and Assembly Bill (AB) 180.

BACKGROUND:

The TIRCP was created to fund transformative capital improvements that modernize California's intercity rail, bus (including feeder buses to intercity rail services, as well as vanpool services that are eligible to report as public transit to the Federal Transit Administration), ferry, and rail transit systems (collectively referred to as transit services or systems inclusive of all aforementioned modes unless otherwise specified) to achieve all of the following policy objectives, as established in Section 75220(a) of the Public Resources Code (PRC):

- Reduce emissions of greenhouse gases
- Expand and improve transit service to increase ridership
- Integrate the rail service of the state's various rail operations, including integration with the high-speed rail system
- Improve transit safety

Additionally, Section 75221(c) of the PRC establishes a programmatic goal to provide at least 25 percent of available funding to projects that provide direct, meaningful, and assured

"Improving lives and communities through transportation."

benefits to disadvantaged communities, consistent with the objectives of Chapter 830 of the Statutes of 2012. AB 1550 (Chapter 369, Statutes of 2016) provides additional requirements related to ensuring investments meet the needs of priority populations, a term encompassing disadvantaged communities, low-income communities, and low-income households. TIRCP's investments are expected to collectively meet or exceed the requirements of AB 1550.

AB 180 (Chapter 44, Schedule 1), Item 0521-131-0001 of Section 2.00, amended the Budget Act of 2021, appropriating funds to 0276-TIRCP. Of the funds appropriated in Schedule (1), \$300,000,000 was made available for project development activities related to rail realignment capital projects for high-priority intercity rail corridors located primarily in the coastal zone, as defined in subdivision (a) of Section 30103 of the PRC.

In June 2026, CalSTA approved an exception to reprogram \$119,597,000 from AB 180 to a Cycle 6 project under PPNO CP119. The new available total for AB 180 is \$180,403,000.

Programming Actions:

The Program Allocation Plan for the TIRCP is adjusted to address project or program needs and is used to plan and track the allocation of projects as reflected in the enclosed attachments.
