

Memorandum

To: CHAIR AND COMMISSIONERS

CTC Meeting: August 20-21, 2026

From: TANISHA TAYLOR, Executive Director

Reference Number: 4.13, Action

Prepared By: Sheila Ennes
Associate Deputy Director

Published Date: August 7, 2026

Subject: Amendment to the Previously Approved Technical Correction to the 2026 State Transportation Improvement Program for State Route 37 Sears Point to Mare Island Improvement Project (PPNO 2364E).

Recommendation:

Staff recommends that the California Transportation Commission (Commission) approve a technical correction to revise the header for State Transportation Improvement Project (STIP) Project 3, State Route 37 Sears Point to Mare Island Improvement (PPNO 2364E), to reflect the county designation as "San Francisco and Solano Counties".

Issue:

At the June 2026 meeting, the Commission approved technical corrections to the 2026 STIP, which included an update to the Planning and Programming Number (PPNO) for the State Route 37 Sears Point to Mare Island Improvement project (PPNO 2364E). Following that action, staff identified an administrative error: the June book item noted the incorrect county designation for the project. Staff recommends that the Commission approve a technical correction to revise the county designation associated with STIP Project 3 (PPNO 2364E) from "Sonoma and Solano Counties" to "San Francisco and Solano Counties", as shown in Attachment B. This correction is administrative in nature and does not affect the project's programming, funding, scope, or schedule.

Background:

The Commission adopted the 2026 STIP at its March 2026 meeting. At its June 2026 meeting, the Commission approved technical corrections to the adopted 2026 STIP pursuant to Resolution G-26-50.

Attachment:

- Attachment A: June 2026 STIP Technical Correction Book Item Identifying the Technical Correction Requiring Revision.

2026 STATE TRANSPORTATION IMPROVEMENT PROGRAM
TECHNICAL CORRECTIONS

Regional Program

1. Glenn County
Sixth Street Pavement Preservation (PPNO 1326)
