Issue:

In accordance with the Commission's SB 1 Accountability and Transparency Guidelines, Caltrans must submit SHOPP Baseline Agreements to the Commission for approval in order to establish these agreements as the basis for project delivery and monitoring.

Commission staff reviewed these Baseline Agreements and determined the project's expected benefits, delivery schedule, project cost, and funding plan are consistent with the project the Commission approved at the time of programming and the requirements set forth in the SHOPP Guidelines.

Background:

The Commission adopted the SB 1 Accountability and Transparency Guidelines on May 15, 2025. The Guidelines direct agencies to provide executed Baseline Agreements that set forth the agreed-upon expected benefits, delivery schedule, project cost, and funding plan. The Baseline Agreement provides a benchmark for comparison to the current status of a project for subsequent reporting purposes. The Baseline Agreement must be signed by the Caltrans Director and District Director, the Commission's Executive Director, the project applicant, and the implementing agency.
