

MEMORANDUM

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: October 15-16, 2026

From: STEVEN KECK, Chief Financial Officer

Reference Number: 3.1, Information Item

Prepared By: Jaime Espinoza, Chief (Acting)
Division of Financial Programming

Subject: **UPDATE ON THE MINOR B PROJECT LIST UNDER THE 2026-27 STATE
HIGHWAY OPERATION AND PROTECTION PROGRAM - MINOR
CONSTRUCTION PROGRAM**

SUMMARY:

The California Transportation Commission (Commission) approved Resolution G-19-05a, which authorizes the California Department of Transportation (Department) to sub-allocate funds for State Highway Operation and Protection Program (SHOPP) Minor B projects. At its June 2026 meeting, the Commission approved the funding and project listing for the 2026-27 SHOPP Minor Construction Program under Resolution FM-25-04.

In accordance with approval of the SHOPP Minor Construction Program, the Department has the authority to modify the SHOPP Minor B project list, with the understanding that these actions will be reported to the Commission at the next scheduled Commission meeting. The Department uses prudent business practices to manage the combination of individual project cost increases and savings to meet Commission policies.

At the August 2026 meeting, the Department presented the 2026-27 Minor B project list to the Commission. Since the August 2026 meeting, the Department has added 15 projects to and removed 3 projects from the approved SHOPP Minor B project list.

Therefore, the Department is presenting this update to the SHOPP Minor B project list, as an information item to the Commission.

BACKGROUND:

The delegated authority under Resolution G-19-05a allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

The Minor B project limit is established to be consistent with the lower limit of the State Contract Act. The State Contract Act is reviewed each even-numbered year by the Department of Finance and adjusted to be consistent with changes in the annual California Construction Index. Effective March 18, 2026, Minor B projects have a construction limit up to \$484,000.
