

MEMORANDUM

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: October 15-16, 2026

From: STEVEN KECK, Chief Financial Officer

Reference Number: 3.15, Information Item

Prepared By: Jaime Espinoza, Chief (Acting)
Division of Financial Programming

Subject: **FINAL CLOSE-OUT REPORT FOR FISCAL YEAR 2025-26 SHOPP -
MINOR PROGRAM ALLOCATION**

SUMMARY:

In Fiscal Year 2025-26, the California Transportation Commission (Commission) approved the State Highway Operation and Protection Program (SHOPP) Minor Program target allocation of \$152,324,000 for construction capital.

At the end of 2025-26, the total construction capital amount allotted by the California Department of Transportation (Department) was \$130,415,000. The total support expended was \$109,712,000 for a total program value of \$240,127,000, which equates to approximately 96 percent of the available \$250,000,000 2025-26 SHOPP Minor Program funding.

BACKGROUND:

The SHOPP Minor Program is a one-year program for low-cost capital projects that are SHOPP-eligible. Minor projects must be awarded in the Fiscal Year in which they were allocated. Effective March 18, 2026, Minor B projects have a construction limit up to \$484,000, and Minor A projects have a construction limit ranging from \$484,001 up to \$1,250,000.

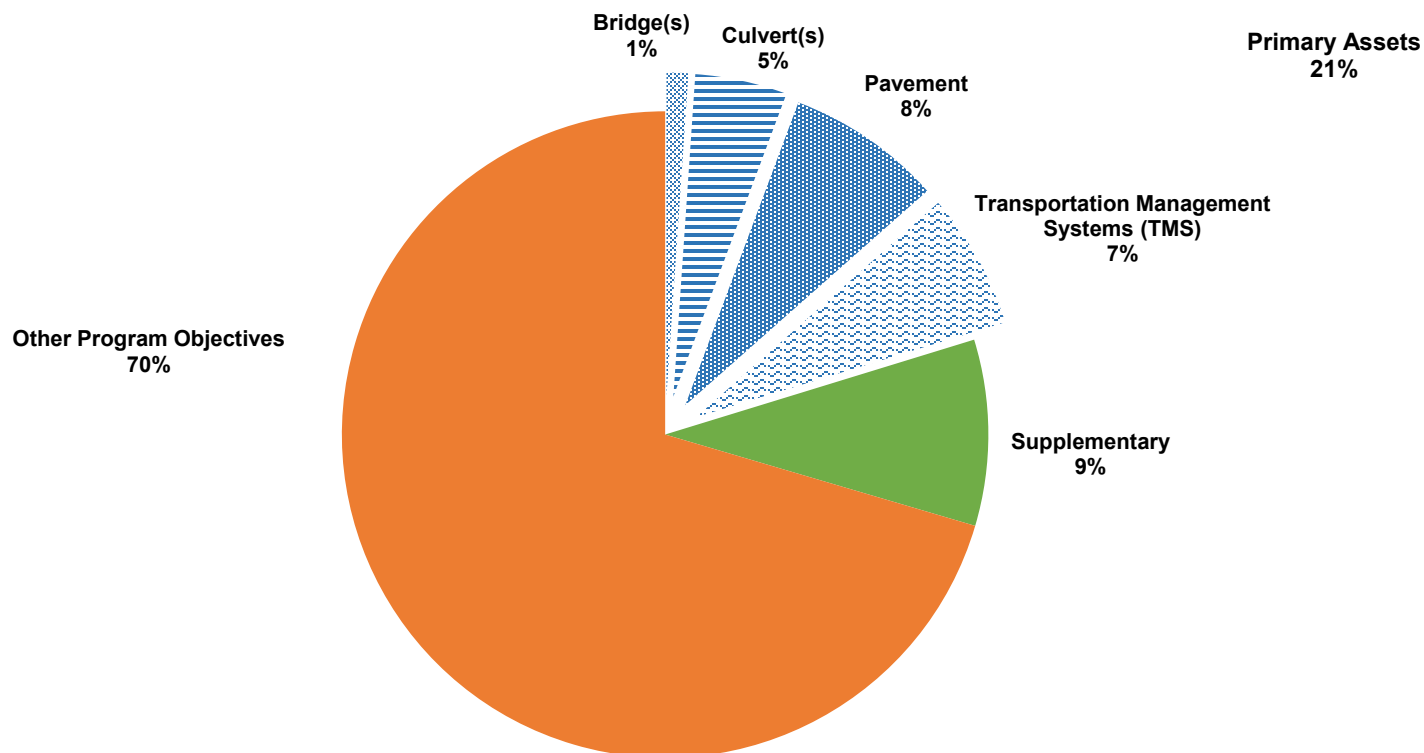

Under Resolution G-19-05a, the Commission delegates to the Department the sub-allocation and adjustment authority for projects that were approved under Resolution FM-24-04. Resolution G-19-05a, also allows the Department to sub-allocate funding and advertise projects without waiting for a Commission meeting to receive an allocation. However, Commission review is required for Minor A projects not previously identified in the Department's approved list. SHOPP Minor Projects must be consistent with the Transportation Asset Management Plan.

For 2025-26, the Department awarded contracts totaling \$30,698,000 in construction funding for Minor A projects; of the \$30,698,000, the Department sub-allocated \$28,410,000 and the Commission allocated \$2,288,000 for substitute projects. In addition, the Department awarded \$98,023,000 for Minor B construction projects and expended \$945,000 for right of way capital and \$751,000 for day labor acquisitions. In total, \$130,415,000 was allotted, which constitutes 86 percent of the 2025-26 approved construction capital allocation.
