

# Progress Report on Interagency Coordination

CTC, CARB, and HCD Joint Meeting

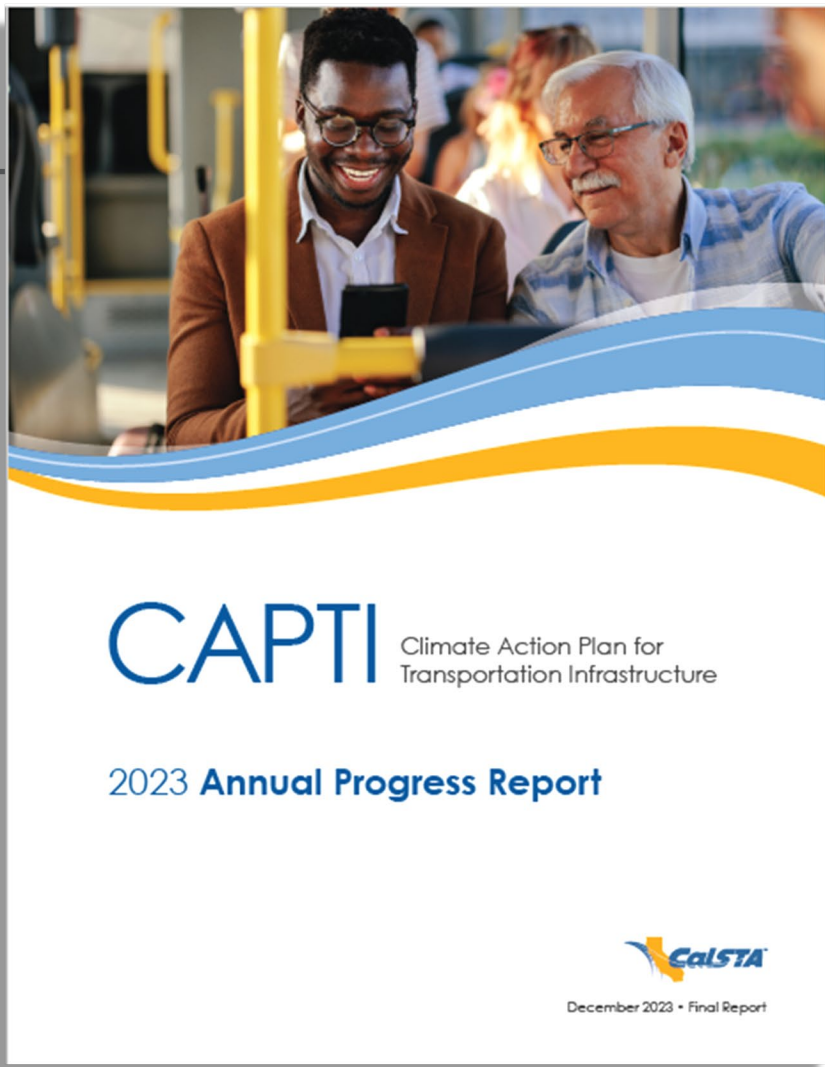

April 11, 2024

**11/2/23**  
**Meeting Recap**

# Second Annual CAPTI Report

- 12 actions newly completed
- 2023 Annual Progress Report finalized December 2023

# Planning for Sustainable Communities

---

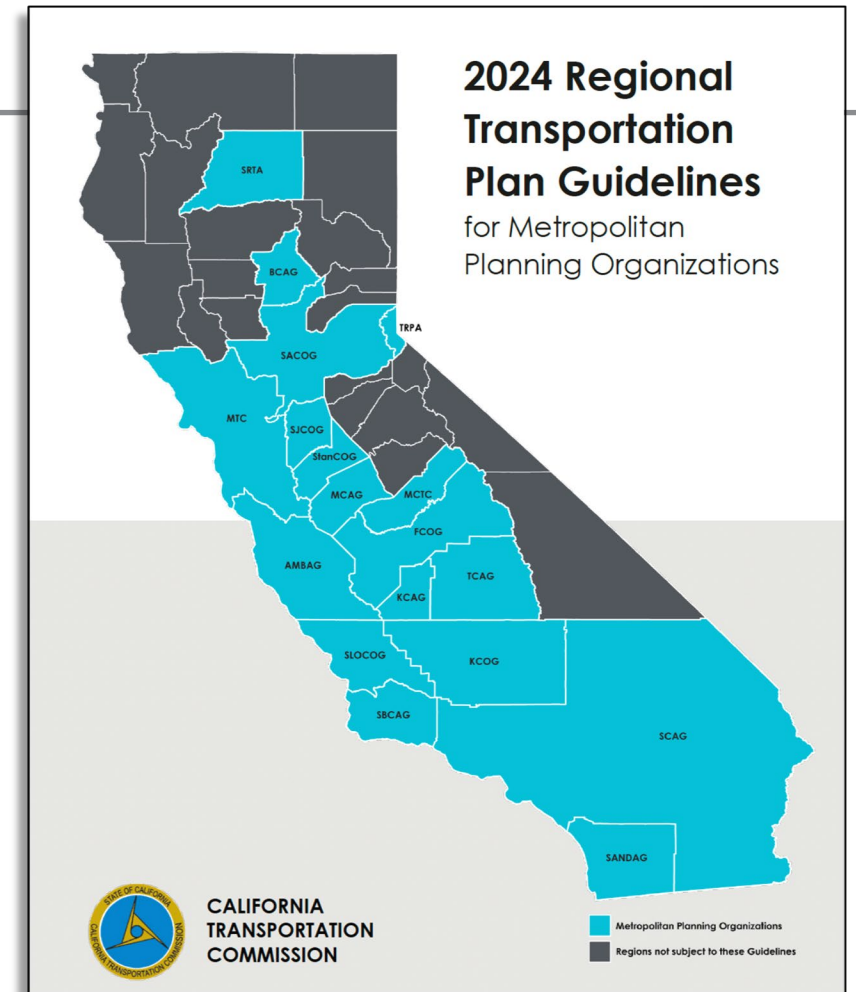

- Presentations were given on planning efforts working towards meeting State goals, including the:
  - Regional Housing Needs Assessment
  - Regional Transportation Plan Guidelines
  - Regional Early Action Program

# CTC/CARB/HCD Coordination Updates

# 2024 RTP Guidelines Adopted in January

- 2024 updates were developed through technical work groups and informed by comments received from state agencies, regional agencies, advocacy organizations, and other stakeholders.
- CTC and HCD coordinated to provide language on the Regional Housing Needs Allocation process.
- CTC and CARB coordinated to provide clarifications on the Sustainable Communities Strategies process

# Local Transportation Climate Adaptation & Prohousing Designations

---

- In its first cycle, LTCAP was able to program all eligible projects.
- Of the 15 applications, more than half indicated they have received or were pursuing a Prohousing designation.

# Sustainable Transportation Equity Project & Prohousing Policies

---

- In response to the Nov. 2022 Joint Meeting, CARB's Sustainable Transportation Equity Project (STEP) made funding available to local communities for developing Prohousing policies that reduce vehicle-miles-traveled.
- CARB awarded five STEP applications in Jan. 2024, with another five in process. All ten applications requested funding for the Prohousing policy to reduce costs of active transportation or other modes.

# Pricing

---

- In June, CARB gave a presentation to the **State Roadway Pricing Working Group** on relationships between roadway pricing and California's VMT reduction goals.

Thank you
