4. CTC staff ask Caltrans to include more details/specifications on Part A4 in their Application Instructions document.
5. CTC staff to work with Caltrans to figure out why only 10 Letters of Support are permitted in the applications.
6. CTC staff to add additional word count to the Large application where Infrastructure and Non-Infrastructure prompts are located.
7. CTC staff to circle back with the Active Transportation Resource Center to possibly add language to the Non-Infrastructure evaluation in the application and scoring rubric.
8. CTC staff to consider partial points for a project being connected to a larger regional project not specifically included in an existing plan.
