

# INTERAGENCY EQUITY ADVISORY COMMITTEE

## Tab 13 – Member Reports and Discussion of Future Meeting Topics

October 24, 2024

# Member Reports

## Martha Armas Kelly

- I supported our local CHP efforts in outreach at the Central California Alliance Health Fair in Merced CA, with CalSTA in Action.
- I am interested in telling how our Safety and Climate efforts include more opportunities for seniors and soon to be or newly licensed drivers to attend defensive driver's training from their local CHP. We should invite our state offices to reach out to the EAC members to come and see their efforts to raise equity and inclusion. Photo ops and connects the interagency to local community.

## Other verbal updates?

*Written updates can be submitted to staff via email at any time to be included in future meeting materials.*
