California Transportation Commission – Temporary Assignment: 6-month Rotation

Classification Title: Associate Transportation Planner

Job Description: The California Transportation Commission is looking for a dynamic, talented, and hard-working individual to help develop policies in the areas of multimodal transportation planning, interagency coordination, and equity. The position will be responsible for supporting the Commission’s work on the development of transportation equity policies and public engagement activities. The position will also engage with other state agencies on the intersection of transportation, housing, and climate policy.

Candidates interested in competing for this opportunity must submit a completed **CaIHR STD 678: [State of California Examination/Employment Application](#)** and a **Statement of Qualifications (SOQ)** for the hiring manager’s review by **final filing date of September 21, 2020**. Submittals must be emailed to laura.pennebaker@catc.ca.gov. Interview may be conducted.

The SOQ is a discussion of how an applicant’s education and experience meet the evaluation criteria below and qualify them for the position. The SOQ serves as documentation of each candidate’s ability to present information clearly and concisely in writing. You must include specific examples addressing each of the evaluation criteria listed below. Resumes, letters, and other materials will not be considered as your response to the SOQ. Your SOQ should be no more than one (1) pages. In your SOQ please explain your qualifications in the following areas:

- Please explain your knowledge of transportation equity issues and/or public engagement practices and any experience you have in this area.
- Please explain your knowledge and experience in working with other state agencies and transportation stakeholders.

To mail in an application (or file-in-person), please contact (916) 654-4245 for instructions.
