GENERAL STATEMENT

The California Transportation Commission (Commission) is an independent public agency dedicated to ensuring a safe, financially sustainable, world-class multimodal transportation system that reduces congestion, improves the environment, and facilitates economic development through the efficient movement of people and goods.

The Commission is responsible for the programming and allocating of funds for the construction of highway, passenger rail and transit improvements throughout California. The Commission, also advises and assists the Secretary of the California State Transportation Agency and the Legislature in formulating and evaluating state policies and plans for California’s transportation programs.

The Associate Governmental Program Analyst, under the direction and supervision of the Assistant Deputy Director, will perform a variety of analytical assignments and is expected to work independently on the development, evaluation, and monitoring of policies and procedures for the State’s multi-modal transportation system. The incumbent also evaluates current and pending issues for Commission action. The incumbent also contributes to the development of program guidelines, policies and procedures; and the coordination of financial, legislative, and environmental matters of the Commission. The incumbent is expected to consistently exercise a high degree of initiative, independence, and originality in performing assigned tasks. All duties are to be performed in accordance with Commission policies.

Specific duties and activities include, but are not necessarily limited to:

TYPICAL DUTIES

Percentage - Job Description
Essential (E) / Marginal (M)¹
