OC LOOP SEGMENT P AND Q

PROJECT SUMMARY

This project will bridge the last significant gap in the 15.6 mile San Gabriel River/Coyote Creek multi-purpose trail, a subset of the 66 mile, 88% complete OC Loop, immediately providing access to the beach, 24 parks, 121,400 residences, 859 businesses & services, and 19 schools including CSU Long Beach within a half mile of the Bikeway.

Within the confines of the 1.6 mile Segments P & Q alone, this 12'-14' wide, ADA compatible, asphalt trail accesses 14,633 jobs, disadvantaged community Housing, multiple grocery stores, medical and dental services, pharmacies, banks, restaurants, a new planned Multimodal Metrolink Station, three schools and two parks.
