ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017 PROJECT BASELINE AGREEMENT

Safer Access to Pajaro Valley High School and Beyond

Resolution

(will be completed by CTC)

1. FUNDING PROGRAM

Active Transportation Program

Local Partnership Program (Competitive)

- Solutions for Congested Corridors Program
- State Highway Operation and Protection Program

Trade Corridor Enhancement Program

2. PARTIES AND DATE

2.1 This Project Baseline Agreement (Agreement) for the Safer Access to Pajaro Valley High School and Beyond,

effective on, ______ (will be completed by CTC), is made by and between the California Transportation Commission (Commission), the California Department of Transportation (Caltrans), the Project Applicant, *the City of Watsonville*, and the Implementing Agency, *the City of Watsonville*, sometimes collectively referred to as the "Parties".

3. RECITAL

- 3.2 Whereas at its March 25, 2021 meeting the Commission approved the Active Transportation Program, and included in this program of projects the *Safer Access to Pajaro Valley High School and Beyond*, the parties are entering into this Project Baseline Agreement to document the project cost, schedule, scope and benefits, as detailed on the Project Programming Request Form attached hereto as <u>Exhibit A</u> and the Project Report attached hereto as <u>Exhibit B</u>, as the baseline for project monitoring by the Commission.
- 3.3 The undersigned Project Applicant certifies that the funding sources cited are committed and expected to be available; the estimated costs represent full project funding; and the scope and description of benefits is the best estimate possible.

4. GENERAL PROVISIONS

The Project Applicant, Implementing Agency, and Caltrans agree to abide by the following provisions:

- 4.1 To meet the requirements of the Road Repair and Accountability Act of 2017 (Senate Bill [SB] 1, Chapter 5, Statutes of 2017) which provides the first significant, stable, and on-going increase in state transportation funding in more than two decades.
- 4.2 To adhere, as applicable, to the provisions of the Commission:

Resolution G-21-30, "Adop	tion of Program of Projects for the Active Transportation Program", dated March 25, 2021
Resolution Insert Number	, "Adoption of Program of Projects for the Local Partnership Program", dated
Resolution Insert Number	, "Adoption of Program of Projects for the Solutions for Congested Corridors Program", dated
Resolution Insert Number	, "Adoption of Program of Projects for the State Highway Operation and Protection Program", dated
Resolution Insert Number	, "Adoption of Program of Projects for the Trade Corridor Enhancement Program", dated

- 4.3 All signatories agree to adhere to the Commission's Active Transportation Program, Guidelines. Any conflict between the programs will be resolved at the discretion of the Commission.
- 4.4 All signatories agree to adhere to the Commission's SB 1 Accountability and Transparency Guidelines and policies, and program and project amendment processes.
- 4.5 The City of Watsonville agrees to secure funds for any additional costs of the project.
- 4.6 The City of Watsonville agrees to report to Caltrans on a quarterly basis; after July 2019, reports will be on a semi-annual basis on the progress made toward the implementation of the project, including scope, cost, schedule, outcomes, and anticipated benefits.
- 4.7 Caltrans agrees to prepare program progress reports on a quarterly basis; after July 2019, reports will be on a semi-annual basis and include information appropriate to assess the current state of the overall program and the current status of each project identified in the program report.
- 4.8 The City of Watsonville agrees to submit a timely Completion Report and Final Delivery Report as specified in the Commission's SB 1 Accountability and Transparency Guidelines.
- 4.9 All signatories agree to maintain and make available to the Commission and/or its designated representative, all work related documents, including without limitation engineering, financial and other data, and methodologies and assumptions used in the determination of project benefits during the course of the project, and retain those records for four years from the date of the final closeout of the project. Financial records will be maintained in accordance with Generally Accepted Accounting Principles.
- 4.10 The Transportation Inspector General of the Independent Office of Audits and Investigations has the right to audit the project records, including technical and financial data, of the Department of Transportation, the Project Applicant, the Implementing Agency, and any consultant or sub-consultants at any time during the course of the project and for four years from the date of the final closeout of the project, therefore all project records shall be maintained and made available at the time of request. Audits will be conducted in accordance with Generally Accepted Government Auditing Standards.

5. SPECIFIC PROVISIONS AND CONDITIONS

- 5.1 <u>Project Schedule and Cost</u> See Project Programming Request Form, attached as <u>Exhibit A</u>.
- 5.2 Project Scope

See Project Report or equivalent, attached as <u>Exhibit B</u>. At a minimum, the attachment shall include the cover page, evidence of approval, executive summary, and a link to or electronic copy of the full document.

5.3 Other Project Specific Provisions and Conditions

(Address)

Date Received for filing at OPR:

Project Title: Harkins Slough Road Bridge Bicycle/Pedestrian Safety Improvements Project

Project Applicant: City of Watsonville

Project Location - Specific:

Harkins Slough Road, between Pajaro Valley High School and Green Valley Road

Project Location - City: Watsonville Project Location - County: Santa Cruz

Description of Nature, Purpose and Beneficiaries of Project:

The Project includes minor improvements for bicycle and pedestrian safety along Harkins Slough Road and other public streets near six schools. The improvements include bike lane upgrades, crosswalks, curb ramps, signal modifications, and other improvements within the existing paved roadway and require minimal ground disturbance. The project also includes Safe Routes to Schools public outreach and education for school age children.

Name of Public Agency Approving Project: City of Watsonville

Name of Person or Agency Carrying Out Project: Murray Fontes, City of Watsonville

Exempt Status: (check one):

- □ Ministerial (Sec. 21080(b)(1); 15268);
- □ Declared Emergency (Sec. 21080(b)(3); 15269(a));
- □ Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: <u>CEQA Guidelines Section 15301 (c)</u>, Class 1, Existing Facilities
- □ Statutory Exemptions. State code number:

Reasons why project is exempt:

The project includes minor alterations of existing public streets to improve bicycle lanes and pedestrian walkways (crosswalks). All work would be within the existing paved roadway and road right-of-way. There would be no expansion of use, vehicular capacity or travel lanes in any of the roadways throughout the project area.

Contact Person:	Murray Fontes	Area Code/Telephone/Extension:	(831) 768-3117
-----------------	---------------	--------------------------------	----------------

If filed by applicant:

- 1. Attach certified document of exemption finding.
- 2. Has a Notice of the second descent of the public agency approving the project? Yes No

Signature:	Murray Fontes	Date:	06/17/21	Title:	Principal Engineer

ATP Indicator	Measures/Outcomes	Unit	Current	Projected		
				Outcome	Year	
Counts	Bicycle Counts	Each	21	22	2026	
	Pedestrian Counts	Each	388	396	2026	

In the space below, qualitatively explain the assumptions and methodologies used for the proposed outcomes.

Current bicycle and pedestrian counts were generated from survey data collected with the preparation of a Complete Streets to Schools Plan that included the Pajaro Valley High School (PVHS) site. During the 2018/2019 school year, PVHS parents were surveyed and asked if their student traveled to and from school by walking, biking, school bus, family vehicle, carpool, transit or other. The percentages were applied to the student population to estimate the current counts.

Projected counts were calculated using information from the 2015 City of Watsonville Climate Action Plan which used the 2010 California Air Pollution Control Officers Association (CAPCOA) Quantifying Greenhouse Gas Mitigation Measures. For pedestrians, Measure SDT-1 estimates that 1% of the current vehicles will shift to pedestrians. For bicyclists, Measure SDT-5 estimates that the number of bicyclists will increase by 1%.
