Existing conditions cause delays for the left turn lane from Sunset Blvd. to 3rd Street. By extending the turn lane, it will free the straight movement through the intersection, and by removing the valley gutter and constructing a smoother transition onto 3rd Street, traffic will not have to slow for the bump, and will proceed normally through the intersection. This will result in fewer delays for drivers using the traffic signal and will sustain a steady flow of traffic in a safe and secure manner.
