## 2026 STIP HEARING BRIEFING BOOK

### California Transportation Commission

This briefing book is a compilation of all the 2026 Regional Transportation Improvement Programs (RTIPs) and the 2026 Interregional Transportation Improvement Program (ITIP), presented in a single format. The individual RTIPs and the ITIP were transmitted to the Commission in a wide variety of formats. The presentation here represents CTC staff's understanding and interpretation of those transmittals and is subject to correction and revision. The briefing book contains:

- **Statewide Summary:** this one-page summary includes, for each region and the interregional program, the total of highway and local road projects, rail and transit projects, and active transportation projects proposed for the 2026 STIP. It also includes a comparison – for each region and the interregional program – of the new programming proposed against the 2026 fund estimate targets. The summary table also provides a comparison of total cumulative programming by year with the cumulative year-by-year fund estimate capacity.
- **Individual RTIP/ITIP Listings:** this is a summary of each RTIP and ITIP. Each summary includes:

#### EXISTING PROGRAMMING

- STIP projects at Fund Estimate (August 2025). These are projects remaining from the 2024 STIP that were assumed to be carried forward.

#### PROPOSED 2026 PROGRAMMING

- Highway and Local Road Project Proposals. This section listing includes highway and local road projects, including changes to prior programming and proposed project deletions.
- Rail and Transit Project Proposals. This section listing includes projects that were in prior years eligible for PTA funding, including changes to prior programming and proposed project deletions (these projects must now be eligible for State Highway Account or Federal funds).
- Active Transportation Project Proposals. This section listing includes active transportation projects, including changes to prior programming and proposed project deletions.
- Total Proposed Programming. This is the sum of the amounts proposed for highway and local road, rail and transit, and active transportation projects.

## INFORMATION UNDER PROPOSED 2026 PROGRAMMING SECTION

- Notes. This section identifies the date of the RTIP/ITIP document on which the summary is based, and includes various notes, comments, questions, or issues identified to date.
- At the bottom of each summary is the STIP share calculation showing:
  - Total County Share as of June 30, 2025
  - Existing programming as of approval of the Fund Estimate in August 2025 (includes Commission actions through June 30, 2025)
  - Share Balance – either an Unprogrammed Share Balance amount or a Share Balance amount Advanced/Overdrawn
  - Proposed New Programming
  - 2026 STIP formula net share distribution (Target)
  - Under (Over) Target – amount by which proposed programming is below or exceeds Target

**It is important to remember that actions taken during FY 2025-26 are not reflected in these documents.**
