

# Lake Area Planning Council

2026 Regional Transportation  
Improvement Program (RTIP)

# Lakeport Boulevard Phase 1

- Currently in design
- Full-depth roadway reconstruction (FDR)
- Mid-block RRFB pedestrian crossing
- Continuous sidewalk on the north side
- ADA-compliant facilities throughout
- Coordination underway to close frontage gap with adjacent property owner

# Lakeport Boulevard Phase 1

**LOCATION FOR MID BLOCK CROSSING - FACING NORTH**

**Various Sidewalk Gaps**

**Pavement Conditions**

# Project Significance

- Primary east-west and key gateway into the City of Lakeport
- Connects Improvements associated with the new Lake County Courthouse
- Located adjacent to the planned tribal health campus
- Provides a safe, continuous east-west pedestrian corridor linking civic and health services

# South Main Street/Soda Bay Road Corridor Project

- Widen South Main Street from two lanes to three lanes
- Add continuous center turn lane
- Add Class II bicycle lanes
- Rehabilitate roadway pavement
- Improve drainage
- Improve access to businesses
- Underground overhead utilities

**Note: This project is not proposed in the current RTIP  
but will affect available funding in current RTIP**

# South Main Street/Soda Bay Road Corridor Project

# Project Significance

- Improve safety and traffic flow
- Support bicycle and pedestrian travel
- Improve access to local businesses
- Rehabilitate roadway and drainage
- Underground utilities and modernize infrastructure

# Dam Road Roundabout

- Construct multi lane roundabout at Dam Road and Dam Road Extension
- Located approximately 400 feet from State Route 53 near the Clearlake Shopping Center
- Serves schools, retail, transit, and local circulation
- Includes bicycle and pedestrian improvements
- Project will be ready to bid in Mid February

# Dam Road Roundabout

# Project Significance

- Addresses safety and congestion at a high demand intersection
- Reduces queuing and backups onto State Route 53
- Enhances pedestrian and bicycle safety near schools and civic uses
- Supports transit access and local mobility
- Complements the Konocti Corridor Project

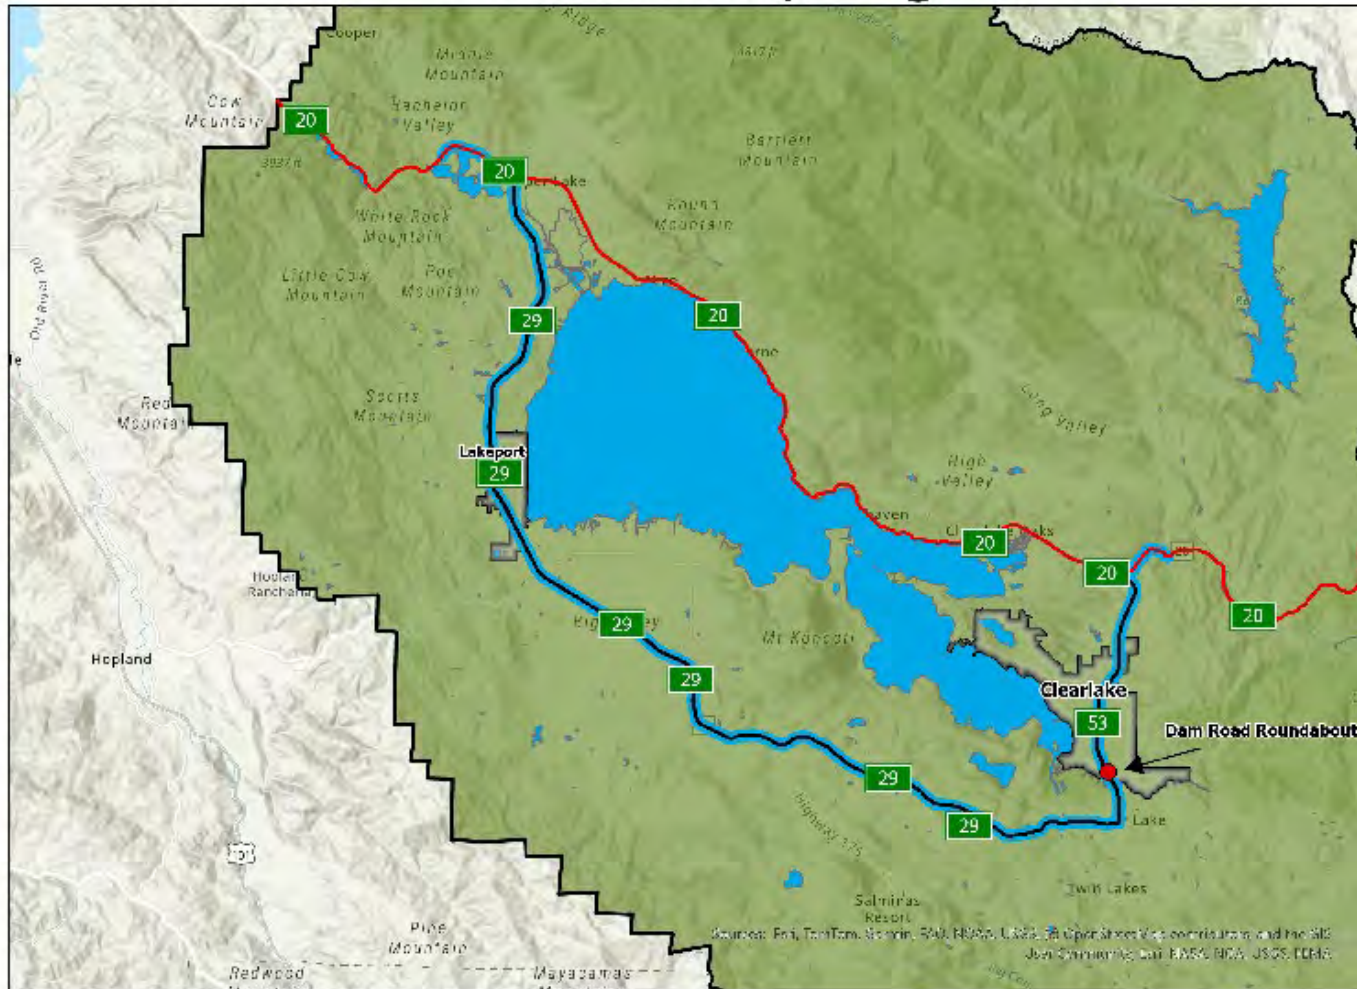

# Konocti Corridor

- Shifts interregional and truck traffic from State Route 20 to State Route 29
- Provides a modern expressway connecting Lower Lake to Kelseyville
- Reduces traffic pressure on Main Street communities along State Route 20 while improving safety for pedestrians and cyclist.
- Complements the Dam Road Roundabout by improving east-side circulation
- Enhances emergency response and evacuation capacity

**Note: This project is not programmed in the current RTIP**
