

# US 101 Montecito Flood & Mudslide January 9-21, 2018

California Department of Transportation  
US 101 PM 10.54 at Olive Mill OC  
05-1J630

U.S. 101 at Olive Mill Overcrossing

U.S. 101 – Looking towards Olive Mill OC

US 101 Buried under 12 Feet of Mud/Debris

Mobilizing Equipment and Resources

Simultaneous, collaborated work to drain site

Work Continues 24/7

# Search and Rescue / Recovery

Caltrans works to clear storm drains / culverts

*“At one point there  
were four excavators  
filling four trucks  
every three minutes.”*

Final work to prepare highway surface

*Note debris line on bridge support beam.*  
Crews work to replace damaged guardrail on US 101.
