WELCOME TO

The Quarry
Rocklin's Reimagined Downtown

While redevelopment is happening all over the Sacramento region, there will be nothing like what the Quarry District in Rocklin has to offer. Located at Rocklin Road and Pacific, this synergistic walking district is 1 mile from Interstate 80 and central to everything. The Quarry District is bringing life back into the community and giving people in the neighboring areas a place to live, eat and play.

PHASE ONE

The Quarry is scheduled to have its grand opening Memorial Day weekend, May 26-27, 2018. The park, called Quarry Park Adventures, features a variety of activities, including a zip line called Sierra Speed, a rock climbing wall for kids, bungee jumping, 2,500 feet of zip line and more. Over 1,200 passes have been sold; buy yours today at quarrypark.com.

PHASE TWO

The Quarry district will open early 2019 and feature a collection of over 20 restaurants, bars, retailers and an 12,000 sf. indoor/outdoor market place. Featuring new restaurants, bars and retailers, the Quarry district will be a vibrant area for dining, shopping and entertainment. The Quarry district will provide the space for events and meetings to thrive.

News and features on the Quarry District can be found at quarrypark.com.
